41ST YEAR NO. 43 PUB. NO. 635-340 PHONE (508) 658-2346 WILMINGTON, MASS. OCTOBER 23, 1996 FAX (508) 658-2266 Copyright 1996 Wilmington News Co., Inc. 40 PAGES

In a scene that played out in one form or another all over town, Mrs. Ella Efraimson, with help from her daughter, Sheila Little, work to pump water from the front yard of Ella's mother's house on Faulkner Avenue. Wilmington was drenched with almost 10 inches of rain (photo by Jeff Nazzaro).

The Flood of '96

by Jeff Nazzaro

A staggering 9.9 inches of rain over a four-day stretch caused the worst flooding "in memory," according to Wilmington Department of Public Works Superintendent Bob Palmer, a 44-year town employee.

"I think this is probably our worst, as far as water goes, in memory," Palmer said, adding that a 1954 hurricane may have produced similar excesses of water but that at that time there was more open space for it to go to.

The flooding as of Wednesday afternoon was still leaving a wake of flooded basements, closed roads, detours, traffic and general aggravation.

By Wednesday afternoon, though the rains had stopped, the town's culverts and natural waterways were choked but flowing, slowly trying to relieve the severely heightened flow imposed on them.

"It's crested now, and now it's starting to drain," Palmer said.

Still, Wildwood Street, over which the Maple Meadow Brook spilled, remained closed, as did the lesser traveled but more aptly named than ever Canal Street. The Wilmington side of Nichols Street was reopened Wednesday, though the Tewksbury end remained shut.

Closed as of Tuesday were Nichols, Wildwood and Canal, as well as Phillips Avenue and big chunks of Main Street, which was blocked at the intersection of Route 62 on one end and on Route 129 at Parker Street and Main at the intersection of Butters Row on the other. Traffic bound for the center of town was diverted over Cross, Parker and Adams streets to Route 62 and back to Main.

While the state blocked off Route 38, Palmer's crews were charged with closing town roads, which were then manned by police for traffic control. Deputy Police Chief Bernard Nally said his department had to hire in 4-5 additional off-duty officers per shift to handle the traffic needs.

"When you start diverting Route 38 traffic onto back roads you get utter chaos," Nally said. "That's probably the most detouring we've had to do as far as I can remember. It's been many years since we've had that problem with the Main Street."

On Federal Street, where new culverts were installed in 1980 to help the Maple Meadow pass, the road flooded for the first time since the new pipes went in.

But a lot of firsts were happening, most notably with basements flooding.

Fire Chief Dan Stewart, who said his department had also to hire in off-duty personnel, said two crews working non-stop and just Wednesday getting caught up, pumped 80 flooded basements in all sections of the town. Many of those, he said, were flooded for the first time. All had at least four inches of water.

Across town, the rains and flooding produced safety problems and frayed nerves, though the town seems to have dealt well with the natural obstacles.

Nally said his department experienced no problems with increased crime, which was a concern. Stewart said detours were a potential hazard for rescues but no problems arose.

Several images do persist as reminders of the worst flooding in Wilmington in the memories of most:

- A woman drove past the barrier on Nichols Street and into several feet of water. Police and fire personnel rescued the woman using a small boat and the car was left there temporarily.
- Commuters wading through knee-deep water to get to the train at the town center.
- Those taking trains probably fared better than those in cars, as detours caused huge delays. At 2:00 on Tuesday, cars on Adams Street trying to get to Route 62 were backed up as far as Chandler Road, and by 5:00 the line stretched to Parker.
- At least three cars were disabled after driving through Maple Meadow Brook, which flowed freely over Wildwood Street. The street was later added to the list of those closed.
- And as of Wednesday, the Wilmington Water Department lay completely surrounded by water. Employees there were getting to and from the office by, you guessed it, boat.

Teachers vote Thursday

by Jeff Nazzaro

The Wilmington Teachers Association and the School Committee are hopeful that a three-year contract between the two sides will be in place by the end of this week. Negotiation have been on-going for the last 11 months and teachers have so far worked this school year without a collective bargaining agreement.

But both the school committee and union negotiating teams voted last week to take a proposal from a hired mediator to their full respective memberships for a vote. The school committee was slated to hold a special meeting designed solely for that vote Wednesday night (Oct. 23). Teachers were scheduled to meet the next night.

Representatives of both sides seem to think their meetings will result in acceptance of the contract.

"I think it will be accepted," said Beverly Shea, co-chairperson of the WTA Action Team, who said the contract proposal, while far from ideal, is probably the teachers best bet at this point. "I got the impression [from other teachers] that this is the best we can do at this time ... and that's what I think."

School Committee and negotiating team Chairman Paul Palizzolo offered a similar impression from his side.

"I would be surprised if it wasn't accepted," he said. "It's as far as we could go and [teachers] know it's as much as they could probably get."

Palizzolo said he would open Wednesday night's meeting and then move it directly into executive session, where the contract proposal will be presented to the entire school committee membership for ratification. The committee was then to come back and make a public announcement as to the verdict. Palizzolo, like Shea, thinks his side will accept the offer.

"I think they will," he said. "I feel comfortable. I think the committee will accept it."

Palizzolo offered his thoughts, though no particulars, on the proposal.

"I think it's a good contract," he said. "It helps handle growth, things that students needs and it helps teachers with professional development. Not everybody got everything they wanted but I think we were able to break some ground that I think a lot of people thought we couldn't.

And while the finishing strokes are still needed on the deal, members of both sides of the negotiations spoke hopefully (and in some cases as if a contract were a done deal) about a contract being ratified and the need to move past the negotiations and back into positive work.

"I am very hopeful that it will be resolved," said Superintendent of Schools Dr. Geraldine O'Donnell. "Our energy needs to get back to the classroom. That's the thing that needs our focus right now."

Offered Shea: "I am chiefly relieved because I do feel that now we can start mending some fences."

Wilmington students improve

Dr. Geraldine O'Donnell, Superintendent of Schools for the Wilmington School System, today announced the results of the 1996 statewide assessment testing of all fourth, eighth and tenth grade students in the commonwealth, reporting an overall improvement for Wilmington.

"The overall results show steady improvement in the Wilmington schools," O'Donnell stated. "We have maintained our relative position in proficiency above the state and have also seen improvement in the number of students who achieved in the higher proficiency levels."

The proficiency levels describe what students in each level can do, based on their responses to multiple choice and open-ended (essay) questions in the test. Students whose results place them below or at proficiency levels I and II are beginning to understand the basic facts and concepts within the curriculum, while those placing in levels III and IV have the ability to go beyond the facts and are able to analyze and evaluate material.

Overall, Wilmington placed 31 percent of fourth graders, 40 percent of eighth graders and 28 percent of tenth graders in levels III and IV in reading - by far the best numbers. Percentages reaching levels III and IV in all three grades in math, science and social studies ranged from a low of 13 percent of grade four students in mathematics to a high of 23 percent of tenth graders in math.

For the most part, numbers in top levels rose in accordance with grade levels: a greater percentage of tenth graders than fourth graders scored in levels III and IV.

Center committee stalled from the start

by Darlene Berry

Michael Newhouse was elected chairman and Ray Forest vice chairman of the new Wilmington Town Center Committee, which held its inaugural meeting Thursday afternoon in Room 9 of the Town Hall.

The committee, established to take on the 30-year question of what to do to revitalize the town center, briefly discussed some of the key issues confronting them, including a proposal to construct an expanded commuter rail parking lot with retail uses.

That commuter rail proposal is currently at a standstill, said committee member and chairman of the Board of Selectmen Jim Rooney. According to Rooney, the Massachusetts Bay Transportation Authority has been slow to act on the proposal.

"There isn't anything new that has happened since last spring," Rooney said.

Town manager Michael Caira, who at Rooney's request chaired the first meeting, until the committee held its election, said he feels that the town needs to take a more proactive stance with the MBTA.

"I think we have to decide what to do," said Caira, adding "They want something, we want something."

Committee member Lynn Duncan, who is the director of planning and conservation for the town, raised a question concerning whether a public hearing would take place on the proposed expansion. Rooney said he believes that a hearing should be postponed until the town receives additional information from the MBTA.

Caira agrees.

"You can't have a public hearing for the sake of having a public hearing," he said.

But Caira did admit that he was not sure whether the majority of citizens favor the station proposal.

Meanwhile, committee member Diane Allan pointed out that the MBTA needs to be made aware of other community projects underway. Allan said she believes that the MBTA needs to be informed of the issues surrounding other community redevelopment projects, such as the time frame of the Route 38 corridor sewer project.

The timing of sewer construction near the commuter rail station should coincide with expansion plans, said committee member Noel Baratta, who is also chairman of the Wilmington Water and Sewer Commission.

Baratta argued that it would not be efficient to dig up the roads lining the commuter rail station for the sewer project, only to have them re-excavated a short time later for the expansion project.

Committee member Jim Diorio suggested developing a sketch of the town center to insure that all redevelopment projects coincide.

"Let's make sure all the pieces are in place," he said. Diorio said he feels that a sketch would help to insure that one project is not interfering with another.

In related matters, the committee is in need of another member, as Ken Mastrullo had to turn down his appointment to the board due to business committments. Mastrullo was appointed by the board of selectmen.

Among other matters discussed was a schedule for upcoming meetings. The timetable that was agreed upon, pending approval from missing committee members, is Wednesdays at 4:00 p.m. The next meeting is scheduled for Nov. 13.

Horrible as usual

The Wilmington Recreation Department and Horribles Parade Committee has invited Wilmington youngsters of all ages to participate in the annual Halloween Parade. The 1996 Parade of Horribles will be held Thursday evening, October 31. Participants will form next to the police station at 6:30 p.m. and begin marching up Church Street at 6:45 to the WHS tennis courts where special ribbons and treats for all will be available.

Adults wishing to volunteer should call the Rec office at 658-4270. In case of rain go directly to the WHS cafeteria using the gym entrance.

Women in Business sponsoring seminars

The Wilmington Chamber of Commerce Women in Business working with the town of Wilmington's community development program will sponsor three seminars geared to start-up and existing small businesses on Wednesday evenings from 5:30 to 7:30 p.m., Oct. 23, 30 and Nov. 6.

The Chamber has been working with Eileen Marsan, director of the town of Wilmington's Community Development Program, who will moderate the seminars.

On Oct. 23, the first seminar, "Financing a Business", was held. Oct. 30 will be seminar two, Part 1: Hiring the Right Employee", presented by Cathy Beyer, employment counselor of the town of Wilmington's Employment Assistance & Training Program, and Part II: "Insurance Needs for a Small Business, presented by Margaret Quinn of Anderson-Driscoll Insurance Agency, Inc.

On Nov. 6, seminar three, Part I: "Accounting Needs for a Small Business" by Joyce Brisbois, CPA, and Part II: "Legal Questions for a Small Business" presented by a local attorney.

All seminars will be held at the Community Resource Center, 10 Church St., Wilmington. The price is $15 each. For more info and to register, call the Chamber at 508-657-7211 and ask for Sandy Murphy, executive director.

PENSION PROTECTION

When retirees move out of state, do their pensions follow them? And what are their tax obligations? Until the beginning of this year, their home states were reaching out to tax that money. California, for instance, claimed it had only deferred taxes on the portion of compensation that would be paid as a pension.

Thanks to the Pension Income Taxation Limits Act signed early this year, states are generally prohibited from taxing retirement income of a nonresident of the state. (The law covers payments after December 31 of last year; some states may try to collect for previous pension income.)

The law protects all distributions from qualified pension and profit-sharing plans and even, in certain cases, those from nonqualified plans. But the more arcane requirements to shelter income from nonqualified plans may complicate pension and benefit decisions for both companies and their highly compensated workers.

How can you protect your retirement income? Talk it over with the tax people at

The Flood of '96

by Mike Kelley

For two days the rain fell. The lowlands, wetlands, and back roads of Wilmington were covered in a sea of groundwater.

Basements that have been dry for 20 years now look like huge sponges, as carpets and custom floors soak up gallons of water. Garden hoses are taken from spigots and put to use on portable pumps. They snake out of open windows like green and blue serpents.

Old photographs, books, family clothing, and treasured belongings float across the basement floor, lost forever; converted family rooms and in-law apartments full of furniture, are waterlogged. And still, it rains.

Back yards that brought us summers of family cookouts are a sea of floating fall leaves. No grass will be mowed this week.

Calls to insurance companies bring bad news: policies don't cover groundwater flooding. Sorry!

So we dig in and we bail out, we pump out, we mop up, and lose sleep and a day's pay. All we can do is hope tomorrow is a sunny day.

The Flood of '96 will long be remembered in Wilmington as a week of wet feet, sore backs, and lost treasures.

Water? What water. Some people are undaunted by adversity. They just roll up their sleeves... ahhh... pants and plow through it all. David Applebee of Tewksbury and Mike Gronemeyer of Wilmington were not to be deterred from catching the 4:30 in to Boston on Tuesday afternoon from the Wilmington Center station. The ankle deep water didn't stop the train, either.

Letters to the editor

Tierney is pro-education

Dear Larz:

Peter Torkildsen regularly claims to be pro-education, yet his record in Congress tells a totally different story.

During a recent debate, the congressman told the crowd he supported increased funding for student loans.

In reality, however, Peter Torkildsen voted in favor of the Budget Reconciliation Act (Oct. 26, 1995) that included $10 billion in cuts to student loans over the next seven years and would cap direct loans. Prior to that, Torkildsen voted to cut student loans by $18.7 million.

John Tierney is a graduate of Salem public schools and Salem State College. He also attended Suffolk University Law School with the help of federally-backed government loans. He understands the important role government can play in providing "opportunities" to people, because he has been on the receiving end.

Peter Torkildsen and the Republican Party have repeatedly cast votes to hurt education. Peter and the GOP voted in March to cut $3.3 billion in education funds for programs such as Safe and Drug-Free Schools, Head Start and Title I.

John Tierney is pro-education and will get my vote on Nov. 5.

Sincerely,
Gerry O'Reilly
Wilmington

Torkildsen is that man

Dear Larz:

To the voters of Wilmington:

It's that time of the year again. We the voters are again asked to influence the path down which our country will travel.

Do you wish to see us return to higher deficit spending? More taxes? Lower take-home pay? Runaway inflation and a weakened economy? Wouldn't you like to see a balanced budget? Hopefully if you answered those questions the way I did please read on.

We need a man of courage, vision, sensitivity and a sense of independence. A man who cosponsored the Social Security Preservation Act. A man who successfully led the fight to keep the interest subsidy for college student loans.

He is the man who defied his party to vote in favor of the assault weapons ban and in favor of his constituency. His voting record is fiscally sound with a sensitivity to the needs of the elderly as well as the courage and independence to vote in favor of his constituency.

In a nutshell, Peter Torkildsen is that man. So on election day please cast your vote in his favor. Vote for courage, independence and accountability.

Sincerely yours,
Robert C. DePasquale

Looking for yes votes

Dear Larz:

To the citizens and voters of Wilmington:

Over the last eight years I have actively pursued every permit and requirement necessary to construct a sewer main to family owned property located on Dorchester Street. As part of the process the Wilmington Conservation Commission is requiring that I obtain a favorable vote from the voters of Wilmington, prior to petitioning the State Legislature, all in accordance with the Massachusetts Constitution. (Very similar to Article 35 that was approved at last year's Town Meeting.)

A yes vote will allow for the proposed sewer extension, as permitted by the WCC and approved by the water and sever commission and their sewer consultants, Fay, Spofford & Thorndike, to be constructed within the private dirt roadway now existing, rather than directly through the bordering vegetated wetland along the dirt road.

The estimated $50,000 cost to construct this sewer main will be totally funded with private money and will not cost the town or people of Wilmington a single dime. All of the abutters who live adjacent to Third Avenue have all released easements to allow for the 1,035 feet of sewer main to be constructed. The petition filed has been signed by all of the abutters that now live adjacent to Third Avenue.

All of the homes in this section of town are all forced to rely on their own private septic system, which are all located within the Shawsheen River Watershed. If their septic systems were to fail, their only resolution is to repair the septic system in accordance with the new Title V regulations most recently adopted.

A *yes vote* will allow for sewer expansion and provide an opportunity for homeowners to utilize a valuable service that currently does not exist.

Finally, this article will eliminate wetlands impact and has the support of the planning board, water and sewer and conservation commission, has been prepared with the guidance of town counsel and the direction of the Wilmington Conservation Commission.

Thank you for you consideration.

Mark Nelson, Trustee
Sixth Realty Trust

He made out as a bandit

Dear Larz:

A couple of months ago my husband was opening the mail. There was an insurance company statement for me - for a *surgery!*

"What surgery did you have, that I did not even know about?" asked my husband with that six-minded grin on his face!

"That must be a mistake, big time, you know that the only surgery I ever had was to have my tonsils out in 1960!" I said.

Looking at the statement I noticed that the doctor was listed as a podiatrist - "haa," I said, "now I remember!" - I had dropped into [a public clinic] to ask the podiatrist that comes there if I had fungus on my two big toenails, since they had turned to a grayish color.

Doctor looked at them and said: no fungus, just root damage. Simple as that.

He took a pair of nail clippers and trimmed those two nails. This took him less than half a minute! But he called this a *surgery* and billed by insurance company, and like fools, they promptly paid him - and of course he collected my personal check of $20 as co-payment on the spot - not a bad day for him as he made out as a bandit.

Now there is a way to check out any doctor by calling a consumer advocacy organization that has compiled a listing of information on doctors. The toll free number is 1-800-972-MEDI. The exact name of the organization is MEDI-NET.

Letters to the editor

Our children are watching

Dear Larz:

As a Tewksbury teacher who is faced with working without a contract for the second time in three years, I need to respond to the bad press targeted at Tewksbury's teachers.

If the only knowledge a community member had were the local paper's reports, he/she would think all teachers were selfish, incompetent and totally without value. Of course this is not true.

I am particularly disturbed by one school committee member's comment about "not caring" what the teachers do within the negotiations process. This lack of caring will not settle a contract. I care, and so do all the teachers I know.

As a rule, teachers are not comfortable with touting their own praises. We entered this profession to serve, not to promote ourselves. However, when a vocal school committee member tends to paint all teachers with the same dark brush over and over, it is hard for teachers to hold their heads high in Tewksbury.

Therefore, I have decided to express my opinion even though I am a non-tenured teacher.

Implying all teachers are undeserving of a salary raise is comparable to saying because two students in the sixth grade are poorly behaved all children in Tewksbury are delinquents and deserving of punishment. How many parents believe this to be true?

If there are any teachers who are not earning their salaries, it is the job of administration to help these teachers to improve or assist them in finding more suitable employment. It is the job of the school committee members to hold administrators accountable in this regard. Don't reprimand all of us. Tewksbury has many dedicated, deserving teachers.

There was also a quote in [a local newspaper] indicating teachers should not compare their salaries to teachers in nearby towns. How will Tewksbury attract new, competent teachers if it cannot offer competitive salaries? How do other town officials rationalize increased salaries? Don't they compare their salaries with similar positions in other towns? How do school committee members who hold professional positions in the private sector want their salaries to be negotiated? More importantly, why would a teacher come to Tewksbury if he/she were aware of the negative opinion of teachers promoted by their employers?

This constant show of disrespect must stop, not only for the sake of negotiations, but for the sake of the children and the town of Tewksbury. Please continue negotiations with dignity. Our children are watching.

Sincerely,
Sharon J. Mosel

They will draw the wrong element

Dear Larz:

For years now the town has been fighting low income and subsidized housing development. The result of a court order to override local zoning, this act by a liberal judicious system not only is a threat to our liberties but an overbearing claim of control over our right to establish our own town bylaws.

The developer claims 164 units will be rented for $1,450 a month and 40 units of low income will be rented for $900. Does Avalon really believe that people will pay $1,450 a month especially when 20 percent of tenants will pay practically nothing?

Do we remember the Revere Beach development which failed to sell their high-priced condos? When the company went broke and filed for Section 8, the government allowed this development to turn into a project and numerous problems occurred.

This development could have the same fate and the reality of it all would be disastrous. Mr. McCoy, this defeatist attitude is not the approach to this dilemma.

The scheduled development located behind the intermediate school and Ballardvale and Salem streets will be 12 buildings complete with dumpsters and will draw the wrong element to the town of Wilmington.

Along with public housing comes public transportation, more community needs and higher taxes. Needless to say, Wilmington will never be the same.

A special hearing is necessary to fairly discuss any alternates or other approaches to this problem.

Larry Toppi

A second voice on Beacon Hill

Dear Larz:

As election day approaches, I would like to urge the residents of Wilmington Precinct #3 to vote for Charles Murphy for state representative in the 23rd Middlesex District.

While many residents of Precinct #3 have felt neglected in years past, Murphy already has demonstrated a commitment to serve the entire district, not just the residents of Burlington. He has been working very hard to meet the residents of Wilmington, and his "door to door" campaign is helping him to understand the issues that will affect our town throughout the next several years.

Murphy understands the need for improved public facilities in Wilmington, and as the husband of a Wilmington school teacher, he truly appreciates the importance of quality education.

As the results of our town space needs study draw near, and support for capital improvements continues to grow, he stands poised to assist Representative Miceli in pursuing whatever state funding may be available.

By voting for Charles Murphy on Nov. 5, the residents of Precinct #3 not only will elect someone to represent the entire 23rd Middlesex District, but they also will secure for Wilmington a second voice on Beacon Hill.

Please vote for Charles Murphy.

Michael Newhouse

Can we talk?

Dear Larz:

To town of Wilmington citizens regarding the Avalon apartment development:

Are we being coerced into accepting a potential catastrophic event, one which could upset the stability and control of our town future? Are we being blatantly told that government-appointed authority "knows what's best for our destiny"? Is the rationale behind this autocratic decision to over-rule home rule and ignore our bylaws a threat to our immunity to dictatorship?

[Selectman Michael] McCoy said we must work with Avalon and [Avalon senior development director Bill] McLaughlin said to throw away the hatchet. I believe we should sharpen the hatchet and go on fighting to control our own fate.

There is a serious concern of several needs in our town: additional schools, a fire station, police station expansion, and new town hall, all of which will require several debates and attempts to override Proposition 2 1/2.

These are legitimate needs and will require the will of taxpayers to accept increases which will put us right in with the rest of the towns. No longer will Wilmington taxes be below average.

With the potential danger of further needs as a result of subsidized housing which will call for additional police, fire, and more classrooms, our tax bills will go out of sight and we will be on top of the list.

I do not expect Avalon to get the high rents they are seeking and the result could be Section 8 housing and all the facts support the calamity and blow this has on a community.

Let's talk more on this issue.

Cal's Club honors perfect attendance

This year, the West Intermediate School has initiated "Cal's Club," honoring students who have maintained perfect attendance in school. The title was supplied by Cal Ripken, the Baltimore Oriole's baseball player who has broken the record for most consecutive games played. Founding members from the 1995-96 school year include:

Sixth graders Alfredo Badalato, Michael Bozzella, Richard Byron, Derek Courtois, Ben Dean, Jennifer Fone, Kristen Kanter, Amanda Mauriello, Christina Ng.

Seventh graders Stephen Ciulla, Paul Emerick, Michael Tocci.

Eighth graders Christine Carrozza, Ann Choi, Derrick Clark, Dan Clifford, Brianna Daisy, Ryan Marazi.

This list does not include any of the over 100 girls who participated in "Take Our Daughters to Work Day" as it was considered an excused absence. This year that day will not be counted for "club" membership.

Each marking quarter a new group picture will be taken. These photographs will be sent to Cal Ripken and will be displayed in the West Intermediate School lobby.

Shawsheen Tech to hold "Netday" next Wednesday

A new computer lab for Machine Technology students, a renovated Cosmetology clinic and computer simulations of electronic digital circuits in the Electronics Department will be among the new items on display at the Wednesday, October 30 Open House at Shawsheen Valley Technical High School from 6:45 to 9 p.m.

"Shawsheen Tech: A Tradition of Excellence" is the theme of the Community Open House. From that 25 year tradition, students and instructors at the event invite the public to "Blast into the Future" with Shawsheen Tech, which offers a wide variety of vocational/technical training programs on the cutting edge of technology.

Superintendent Director Charles Lyons will welcome guests and give an overview in the gymnasium at 6:45. From 7 to 9 p.m. area residents can see evidence of how Shawsheen keeps up with current technology to train students to meet the needs of industry, including computers and computer applications programs in nearly every area and an extensive array of Internet ports.

The Internet and Other Computer Applications

Shawsheen was scheduled to have 160 ports available for participants as the October 26 Massachusetts "NetDay" and provided four training sites for that event.

In the library/media center, both students and their parents can get on the year old Shawsheen Internet to learn a little about the information possibilities Shawsheen Tech students have available for research, reports, and communication with other students groups In Telecommunications, the program where Internet education is an integral part of the curriculum, students will show visitors what e-mail is all about.

Computers have just been delivered for the new Computer Lab for academic subjects, expected to be ready for Open House and offering 20 stations where students can hone skills in English, Social Studies, Science and Math.

Also new this year is the addition of 20, 166 MHZ Pentium computers with Windows 95 software now in use in the Business Information Services program.

Especially for 7th and 8th graders

Seventh and eighth grade students and their parents from the Shawsheen District towns are especially invited; other interested residents are also welcome. There will be special drawings throughout the evening just for eighth graders, who will receive Shawsheen Tech hats and tshirts.

Everyone who attends the Tech open house can register for door prizes, which include "A Day of Beauty" in the student operated cosmetology salon; a holiday bakery package from culinary; writing paper and business cards from graphic arts, and an oil change from the automotive technology department.

In the academic classrooms and vocational technical areas, school staff and students will show the related mix of academics and hands on education. All 20 vocational and technical education programs will have displays and demonstrations by students.

Open House begins with an overview in the school cafeteria that will summarize school philosophy, schedule and academic, vocational and extracurricular options. Visitors can pick up school maps for a self guided tour, or request a volunteer student guide from among the peer leaders and members of VICA. Guidance counselors, coaches and adult education personnel will also be available.

Shawsheen School News

by Joanne Waterhouse

This week I went to the school kitchen to find out more about what goes on. People switch jobs except for Maria. She is the boss. Dot is the cook. Joanne does soup and Karen does dessert. Carol is the assistant cook. Everyone in the kitchen knows everyone else's job because they rotate. The school kitchen is cleaner than a restaurant. They make sure that it is spotless. They all went to sanitation classes, cooking classes, cost effectiveness classes and management classes.

Karen told me that the most favorite lunch is chicken nuggets. The next favorite is pizza. Some kids' lunch call alternate lunch the "ultimate" lunch.

Marie is retiring next year. It will be sad to see her go.

Every day two kids help out serving lunch. They do this so kids have a chance to help out and see what goes on in the kitchen. You usually get the job for two weeks. And for working you get free lunch and dessert for every day that you work.

Some of the equipment they use is huge. I saw a big mixing bowl and a huge oven. One thing that surprised me was that they make the sandwiches all by hand.

Moms, dads and and kids, let's all support the annual Harvest Craft Fair Saturday November 9. Look for more details that come home and I'll be writing more too!

See you next time!!

Wilmington library notes

College information

If you are a high school junior or senior (or the parent of one), you are probably beginning to think about choosing a college. The library has information in its reference collection that can help with this decision. Peterson's Guide to Four Year Colleges lists more than 2,000 college profiles. Information on scholarship and financial aid is also available in The Scholarship Book by Daniel Dassidy, Athletic Scholarships by Andy Clark, and Peterson's Paying Less for College.

Graduate school information, the library has just received the new edition of The Gorman Report: a Rating of Graduate and Professional Programs in American and International Universities. On the Internet, you can access college and university home pages which provide helpful financial data and information on admissions requirements and campus life. A good link to over 3,000 entries of college and university information is http://www.mit.edu:8001/people/cdemello/univ.html.

Daylight saving time ends

With Daylight Saving Time ending Sunday October 27, it will be dark out on those days which the library closes at 5 p.m. (Monday, Wednesday, Friday and Saturday). If your children are at the library on those days and need a ride home, please allow time for traffic delays in getting to the library by 5 p.m. closing.

Police Chief Bobby Stewart has advised that children waiting for a ride after 5 p.m. wait in the front of the library where light and the flow of activity provide a safer place to wait than the parking lot behind the library.

Bookends

Bookends, the library's book discussion group, has selected a new roster of books through June. Copies of this handout are available at the library. This list has a variety of titles including the classic The Mill on the Floss by George Eliot, and A Civil Action by Jonathan Harr the popular book which dramatically details the legal battles concerning pollution and W.R. Grace Co, in Woburn.

Children's Department news

New Sounds

Children's Librarian Sharon Ruetenik, recommends some new sound cassettes this week. Mrs. Ruetenik points out that "children have always learned through song." Jill and Michael Gallina carry on this tradition with A to Z, the Animals and Me, a musical romp through the alphabet. From the Aerobic Armadillo through the Zig-Zag Zebra, children are introduced to a group of animals as diverse as the types of music presented. The tunes are varied but hummable and encourage creative movement from dancing to dramatization of the lyrics. Mrs. Ruetenik says that here favorite is "the vixen who makes vegetable soup." You and your child can have fun choosing your own favorite alphabet critter on this cassette. Bibbidi Bobbidi Bach offers classic interpretations of Disney tunes. Great composers are presented through familiar songs, such as, Haydn's rendition of "Give a Little Whistle" (Pinocchio), a Gregorian chant of "The Circle of Life" from The Lion King, and a Debussy version of "So this is Love" first sung by Cinderella. Other than its value of pure entertainment, this cassette offers a gentle introduction to classical music. This tape is a winner for long car rides or bed time listening.

Preschool programs

Preschool programs continue in the Children's Department. The Beginners have listened to stories about cats, food and teddy bears. Familiar songs and finger plays round out their half hour meetings. Story Hour for three and a half to five year olds begins October 30 and November 1. It will include themes on dogs, pigs, cats, and a few surprises. Mark December 11th on your calendar for our Preschool Holiday Celebration for families.

A Prayer to the Blessed Virgin
(never known to fail)

O Most beautiful Flower of Mount Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in this my request. O Star of the Sea, help me and show me herein you are my Mother.

O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart, to succor me in this request; there are none that can withstand your power.

O, show me herein you are my Mother. O Mary, conceived without sin, pray for us who have recourse to Thee. (3 times)

Sweet Mother, I place this request in your hands. (3 times)

Say for 3 consecutive days and publish.

God Bless

Tewks. school grant

Representative James R. Miceli has announced that the Tewksbury School Department has been awarded a grant from the Department of Education in the total of $6,500. The grant is part of a block grant of $500,000 that was appropriated in the Fiscal Year 1997 budget.

The grant money will be used to fund the Early Literacy Intervention Program, which is designed to aid children who have trouble reading before it becomes a serious problem. The program consists of pre-special educational referral and short term intervention for children who are at risk of failing to learn to read in the first grade.

"I am pleased that the Tewksbury School System has received this grant. The Early Literacy Program plays a very important role in the educational development of our young people," said Miceli

AMERICAN GUTTER CLEANING CO.
(508) 851-6045

Joe and Carol Rocha say, "It's time to clean your gutters"... and American Gutter is ready!

Family values are important to you. You make decisions based on how they will affect your loved ones. It follows that you would want your home improvements done by a business that applies the same family values in everything they do.

American Gutter Cleaning Co. is that kind of family run company. Joe Rocha established the American Gutter Cleaning Co over 10 years ago. He and his wife, Carol, run the company, along with their highly trained, reliable, and fully insured staff.

Ir gutters aren't cleaned at least once or twice a year, you could be increasing the chance of interior water damage to your home. It's important to have your gutters cleaned and inspected for minor damage before the New England snow and ice arrive, and also in the spring after the maples and other trees have dropped their flowers or any remaining leaves.

If you're like most people and don't look forward to climbing up a ladder to do the job yourself, let American Gutter help you keep that ladder in the shed where it belongs. Their service is prompt, and their prices are reasonable; an average house, with aluminum gutters, is $35-$75. If you purchase a Gutter Cleaning Contract, which includes two cleanings per year, you'll enjoy a 10% discount and receive a free gutter inspection. And now, in addition to cleanings, American Gutter will install your new gutters. If you're planning to install 100 ft or more of new gutters, take advantage of their special $50 discount.

To make arrangements and become a valued customer of the American Gutter Cleaning Co., call (508) 851-6045 today! Don't you think it's well worth it?

J & E SERVICES
Automotive Repairs / Snowplowing
619 Rear Main St., Wilmington
(508) 657-7950

Stan Hibbins and another mechanic check this car on the lift.

If you're like most people, you're not replacing the family car as often as you used to. That may save you the expense of a new car, but having an older car often means more repairs and breakdowns.

J & E Services is a full-service automotive repair shop. Stan Hibbins, the General Manager, opened J & E Services four years ago, but he's been repairing cars for 30 years. At J & E they do the usual tune-ups and oil changes and exhaust systems, plus much more... they'll even rebuild your engine.

"When you take your car into a repair shop, it's easy to spend a lot of money," says Stan. "What gets fixed depends on how much you want to spend. Money is the bottom line."

Stan will list and prioritize the repairs that are needed. He won't fix something if you don't want him to, but most of all, he "won't fix what isn't broken."

At J & E, oil changes are $18.95 (plus tax) every day. Their "lifetime exhaust" isn't just a muffler, it's everything from converter to tail pipe. Towing services are available. And, they offer gift certificates - a perfect gift for kids, parents, or anyone with a car!

J & E Services is located at 619 Rear Main St., Wilmington fixed depends on (behind Video Harbor). They're open M, T, Th, F: 8-8; W: 8-6; & Sat: 8-5. After hours, leave a message on the machine!

LEGAL NOTICES

COMMONWEALTH OF MASSACHUSETTS DEPARTMENT OF ENVIRONMENTAL PROTECTION NOTICE OF INTENT TO PERFECT LIEN PURSUANT TO M.G.L. c. 21E, SECTION 13

Pursuant to M.G.L. c. 21E and 310 CMR 40.0000 et seq. ("MCP"), the Department of Environmental Protection, being a duly constituted agency established under the laws of the Commonwealth of Massachusetts, and having a principal office at One Winter Street, Boston, Massachusetts 02108 ("Department"), intends to record a priority lien on that certain parcel of land with the improvements thereon located in Wilmington, Middlesex County, Massachusetts, as described in a deed from **Richard J. Heffron** to **Domenic F. Saraceno** and **Domenic F. Saraceno, Jr.**, Trustees of **Saraceno Family Trust**, u/d/t dated December 30, 1986, and recorded with said Middlesex County Registry of Deeds (Northern District) in Book 3865, Page 11, said deed being dated December 30, 1986, and recorded with said Deeds in Book 3865, Page 19, said land being owned by Domenic F. Saraceno and Domenic F. Saraceno, Jr., as Trustees of Saraceno Family Trust u/d/t dated December 30, 1986, and recorded with said Deeds in Book 3865, Page 11, pursuant to the aforementioned deed, and being more particularly bounded and described as follows:

Beginning at the northerly corner of land now or formerly of Heirs of John R. McIntosh, which point is in the southwesterly line of Main Street approximately opposite Lowell Street, and running S 46° 57' 43" W bounding southeasterly on said land now or formerly of Heirs of John R. McIntosh one hundred feet and 00/100 (100) feet to a point; thence turning an interior angle of 89° 28' 03" and running N 42° 30' 20" W bounding southwesterly on other land now or formerly of North American Acceptance Corporation, one hundred fifty and 00/100 (150) feet to a point; thence turning an interior angle of 90° 31' 57" and running N 46° 57' 43" E bounding northwesterly on said other land now or formerly of North American Acceptance Corporation, eighty-nine and 82/100 (89.82) feet to the southwesterly line of Main Street, thence running southeasterly in a curve to the right of radius nine hundred seventy-four and 45/100 (974.45) feet bounding northeasterly on Main Street ninety-five and 77/100 (95.770 feet to a point of tangency; thence running S 44° 35' 50" E bounding northeasterly on Main Street fifty-four and 56/100 (54.56) feet to the point of beginning, making an interior angle of 88° 26' 27" with the first described course. Contains 14,440 square feet of land.

Also the right to use in common with the North American Acceptance Corporation its successors and assigns a certain parcel of land abutting on the northwest the above described parcel, for all purposes for which highways are commonly used in Massachusetts, but not for the parking of vehicles, said parcel being more fully bounded and described as follows:

NORTHEASTERLY by Main Street fifty and 59/100 (50.59) feet;

SOUTHEASTERLY: by premises above described, thirty-seven and 63/100 (37.63) feet;

SOUTHWESTERLY: by other land now or formerly of North American Acceptance Corporation and by a line perpendicular to the northwesterly line of the premises above described fifty (50) feet;

NORTHWESTERLY: by other land now or formerly of North American Acceptance Corporation, thirty (30) feet.

Said right of way containing 1705 square feet of land.

Said conveyance is made with the benefit of restriction that no buildings or structures, except structures three feet or less in height or light poles or identification signs of any height, (one sign to be used in connection with each separate business conducted on North American Acceptance Corporation's abutting property, provided each identification sign or signs do not exceed thirty-two square feet in area) shall be erected on abutting land of North American Acceptance Corporation northwesterly of the premises above conveyed within thirty feet of the southwesterly side of Main Street.

AND a lien on any and all other land with the improvements thereon owned by Domenic F. Saraceno and Domenic F. Saraceno, Jr., as Trustees of Saraceno Family Trust, wheresoever such land is situated in the Commonwealth of Massachusetts ("Other Property").

The Department has reason to believe, based upon results of analyses of soil and groundwater samples collected from the Site, as Site is defined under M.G.L. c. 21E and MCP, the Property being a portion of the Site, and from other evidence, that oil and/or hazardous materials, including, but not limited to benzene, toluene, ethylbenzene, total xylenes, methyl tertiary butyl ether, chlorobezene, 1,4-dichlorobezene, and total petroleum hydrocarbons, have been deposited,stored, disposed of, or placed, or have otherwise come to be located at the Site, in quantities and/or concentrations which have required or require one or more response actions to be performed at the Site ("Release"). The Release constitutes one or more releases and/or threat of releases of oil and/or hazardous materials within the meaning of M.G.L. c. 21E and the MCP.

Domenic F. Saraceno and Domenic F. Saraceno, Jr., as Trustees of Saraceno Family Trust, are potentially liable to the Commonwealth of Massachusetts pursuant to M.G.L. c. 21E, Section 5 (a), for all costs of assessment, containment and removal of such oil and/or hazardous material incurred or to be incurred by the Department relative to the Release, and for damages for injury to, and for destruction or loss of, natural resources, including the costs of assessing and evaluating such injury, destruction or loss, incurred or suffered as a result of such release or threat of release.

The potential liability of Domenic F. Saraceno and Domenic F. Saraceno, Jr., as Trustees of Saraceno Family Trust, to the Commonwealth of Massachusetts as described above constitutes a debt to the Commonwealth. The Department is authorized by M.G.L. c. 21E Section 13, to record a lien on all property owned by Domenic F. Saraceno and Domenic F. Saraceno,Jr., as Trustees of the Saraceno Family Trust, for payment of amounts due or to become due to the Commonwealth under M.G.L. c. 21E.

For the reasons stated above, the Department will record a priority lien on the Properlty ("Priority Lien") and a lien on the Other Property ("Lien') to secure payment by Domenic F. Saraceno and Domenic F. Saraceno, Jr., as Trustees of the Saraceno Family Trust,of amounts due or to become due to the Commonwealth under M.G.L. c. 21E.

Pursuant to the MCP, any person with a Property Interest(s) in the Property and/or Other Property, as Property Interest is defined under the MCP, is hereby notified of his or her right to request an adjudicatory hearing concerning the Priority Lien and/or Lien. Unless within twenty-one (21) days after publication of this Notice of Intent to Perfect Lien, such person files with the Department a written statement denying the Department's basis to perfect the Priority Lien and/or Lien, and does so subject to and in compliance with the applicable provisions of the Department's Rules for Adjudicatory Proceedings, 310 CMR 1.00 et seq., such person shall be deemed to have waived his or her right to request an adjudicatory hearing. Such statement should be addressed to: Docket Clerk, Department of Environmental Protection, Post Office Box 4062, Boston Massachusetts 02211, and should, pursuant to 310 CMR 4.06, include an adjudicatory hearing filing fee of $100.00, payable by check or money order.

Perfection of the Priority Lien and Lien may be avoided by contacting Dorothy S. Montouris, Senior Counsel, Department of Environmental Protection, Office of General Counsel, One Winter Street, Third Floor, Boston, MA 02108, (617) 292-5691, prior to the expiration of said twenty-one (21) day period, and making a written, good faith offer to pay or settle the debt. If the right to an adjudicatory hearing is waived, the Deparment shall proceed to perfect the Priority Lien and Lien.

Denise Cunningham and Jen Bissett were pictured among the members of the WHS Marching Band who wore Halloween makeup for the half-time show of Saturday's football game.

The possibility of moving WHS athletic teams to the Cape Ann League by the following September was being discussed. Athletic Director Jim Gillis sought and received an okay from the School Committee to submit a letter of application to the league. The move was being contemplated in the hope of affording a better competitive edge for the Wildcats.

WHS pupils named as commended students in the National Merit Scholarship exams were pictured with their certificates, presented by the school's Parent Advisory Committee. They included: Sheila McDonald, Linda Romanowski, Melissa Frye, Richard Smith, Edward Cuoco, Jeffrey St. Onge, and Alfred Corrieri. Andrea Quinn, also a commended student was absent from the photo.

Tim Moran, Liz Morris, Janice Craig and Stephanie Rosa were pictured as they tackled a car during the WHS Junior Class bake sale and car wash.

Sean Crowley, his sister Christine and their mother were pictured as they visited the Pumpkin Fair at the Woburn Street School.

Eric Falzone and Thomas Fantigrossi were the proud owners of new bikes. They were winners in the Wilmington Community Fund Walk-a-Thon.

Stacey Sipowicz to appear in "Hip Hop Over Swan Pond"

Stacey Sipowicz, a Tewksbury resident, appears in a Hip Hop Over Swan Pond, a funny, contemporary, ethnically diverse jazz dance show. Environmentally incorrect (or is it "correct"), sizzling jazz dance set to classical and popular music, all joyously inspired by Swan Lake. Entertaining for both adults and children, A Hip Hop Over Swan Pond shows the uproarious interaction between The Prince (or rather, The Actor formerly known as The Prince), the White Swan (pigeon toed and clumsy, but with scruples), the Black Swan (Eva Adamsribova, evil nemesis to the White Swan), the Swanettes and a delightfully assorted cast of thoroughly outrageous characters - all of whom are trying out for a part in the Prince's unplucked would tour!

Danced by Adrienne T. Hawkins' Impulse Dance Company of Boston, MA, with Stacey Sipowicz in the company. Stacey has studied intensively at the Alvin Ailey Dance Studio in New York City and is in her second season with Impulse.

A Hip Hop Over Swan Pond is performed from Tuesday, October 29, through Sunday, November 3, 1996, at Tower Auditorium, Massachusetts College of Art, 621 Huntington Avenue, Boston, MA. Five evening and one Sunday matinee performance are being offered at $25.00, $20.00 and $15.00 per ticket. For more information, call Impulse Dance Company at 617-536-6989.

Freedom from Smoking

Winchester Hospital has trained facilitators to help people trying to quit smoking. By providing education and information, the program can aid those who need support to quit. In addition, the program will assist in making behavioral changes, learning strategies for quitting and enhance your success with Nicotine Replacement. This program also includes an ongoing support group.

The program will be held Tuesday evenings from 6:30 to 8 beginning October 1 at 8 Winchester Place located on Shore Road in Winchester. For price information and preregistration, call Mark Campoli at 617-756-4705.

Horse Salve Eases Arthritis Pain

LOUISVILLE, KY -- An ingredient derived from hot peppers that decreases inflammation in racehorse's legs, has now been approved by government researchers for human use. The ingredient has been formulated into a product called ARTH-Rx. ARTH-Rx comes in a strength designed for humans. Researchers are excited and say the formula can relieve arthritis pain for millions.

Developed by the Phillips Gulf Corporation, ARTH-Rx is a breakthrough in the treatment of painful disorders ranging from minor aches and pains to more serious conditions such as arthritis, bursitis, rheumatism, tendonitis, backache and more.

Although the mechanism by which ARTH-Rx works to relieve pain is not totally clear, scientists suggest that pain is relieved because ARTH-Rx intercepts the messenger substance that sends pain signals to the brain.

ARTH-Rx is available in a convenient roll-on applicator without a prescription. According to a spokesperson for the company, due to the overwhelming demand for ARTH-Rx, supplies are sometimes limited. ARTH-Rx can also be ordered by calling 1-800-729-8446. © 1996 PGC

ARTH-RX is avaiable locally at:

Thriller in the Woods

Debi's Dance Studio took a slightly different direction from their usual costuming. Entertaining those daring enough to wait in line are Debi's dancers doing Michael Jackson's "Thriller"

Don't trust the walls! They are alive! Without the flash from the camera it is very hard to tell in the face is painted on the wall or the monster. Don't trust the floor either, but we won't explain that one. You'll have to experience that - alone!

by Darlene Berry

It began with a car ride on a long and windy dirt road and ended with the shrill screams of victims temporarily trapped by three towering monsters. That was Friday night's entertainment at The Darkness Haunted House in Wilmington.

The tour began immediately after leaving the parking lot, where visitors are carpooled to Camp Forty Acres. Escorted by a man cloaked in black, visitors are driven through a narrow, heavily wooded area, as the growls of ferocious beasts become excruciatingly near.

While waiting in line to enter the terrifying maze, small monters emerged from the depths of the pitch black forest. The monsters, ranging in age from 12 to 13, danced to a fitting Halloween theme.

Meanwhile, a monster cloaked in black, and carrying a long white ax, patiently waited to escort new victims through the main attraction.

The haunted house had it all, from a witch preparing her bubbly potion and monsters bouncing off the ceiling, to an optical illusion causing people to, at least momentarily, stop in their tracks.

Debbie Dellascio, and her brother, Alan of Wilmington are responsible for building the haunted house, which has been under construction since last spring.

The tradition originated with what would become an annual Halloween party, where they would create a haunted house in the basement to terrify their younger siblings and other neighborhood kids.

The event's popularity, burgeoning into a town-wide event, spurred this year's move to Camp Forty Acres, said Debbie. Each year they recruit relatives, friends, acquaintances, and anyone else they can attract to aid in its execution, she said. "We can't do it without them."

According to Debbie, it is also the first year they are requesting donations from visitors before they enter the haunted house. All proceeds from the camp will benefit Vision House of Tewksbury, the Wilmington Youth Center and the Shane Warford Memorial Scholarship Fund.

In previous years, all the proceeds have benefited the Shane Warford Memorial Scholarship Fund. This year, they are hoping to raise $8,000, and attract 2,000 visitors, said Debbie.

By last Friday's count, several hundred people already visited the camp, said volunteer Paul Bruno of Wilmington. The number of visitors increase, as Halloween approaches, Debbie said.

Meanwhile, everyone seemed to be having a great time. One person shouted "wicked cool!" after exiting the haunted house. Meanwhile, Kathy, Mark, and Matthew Leathers of Tewksbury all enjoyed the monster, which bounced frenetically off the walls and ceiling.

Even the volunteers were caught up in the spirit.

"I'm having a great time," said volunteer shuttle driver, John Duffy, a sales manager at DeWolfe Real Estate in Tewksbury. "It's a great way to raise money for charity," he said.

The haunted house will be open for one more weekend, Friday and Saturday night from 6:00 to 10:00 p.m. To get there, take Andover Street (left off of Route 125) and then follow the signs for parking. The requested donation is $5 for adults and $2 for children under 12.

The Darkness Haunted House is sponsored by DeWolfe New England Real Estate, D&D Lock Hardware, AAJ Travel, Por-Shun, Inc., UniFirst, ZBR Publications, Debi's Dance Studio, Spartan Servi-Star Hardware, J.P. O'Connor Hardware, Building #19, North Woburn Hardware and Jo-Ann Fabrics & Crafts.

Usually, in the course of their duty, firefighters pump water into houses, as they burn. Here Wilmington Firefighter Al Meuse is pumping water out of a house. The department serviced more that 80 homes as of Wednesday noontime and the list went on.

Wilmington senior topics

Tax work off

Residents of Wilmington 60 years of age and over who live in their own home and have a financial need, with a problem paying real estate taxes, may qualify for the Senior Citizen Tax work off Program. Applications for the program are available at the Senior Citizen Center,that will list the type of work you can apply for and the department where the jobs are.

The application is a simple confidential form. It requires your name, address, age and a few lines on your experience for any of the work in 1997. It entails 100 hours at $5 an hour for a reduction of $500 from your 1997 tax bill. The final date for filing an application is Friday,October 25.

The Senior Citizen Center is located on School Street opposite the common and is open from 9 to 4:30 daily.

Fuel assistance

Applications for fuel assistance will be accepted at the Senior Center starting Tuesday, Nov. 5. Those who are going to apply and receive a Social Security and pension check through the mail on Monday, Nov. 4 should take them to the center and copies will be made. If you cash them without making a copy, it will take another month before your application can be submitted. Seniors on SSI automatically qualify for fuel assistance, but copies of all checks are necessary to apply.

The fuel program is one of the only Federal programs that will not deduct other expenses from the total amount of your income. The program is figured on the gross amount of Social Security you receive. The check amount is figured on the net amount. That would mean before you receive your check the government has subtracted Medicare insurance, $42.50, to qualify that amount would have to be added to the check amount. Example, if your monthly check is $600, you will have to add $42.50 total of $642.50 multiply by 12 months would equal $7,710 a year, plus a pension check. Match the final figure with the qualifying numbers listed in last week's column. The Fuel program will not except one cent over the income level. This is unfortunate for elders with other large expenses that have to be paid. Many seniors are turned down, as a result too many turn their thermostats down to save oil. If this is your case, the Salvation Army Good Neighbor Fund in Lowell may be able to help you with at least one oil tank fill up. Call 508-458-3396 or write to the Good Neighbor Fund, 150 Appleton St., Lowell, MA. As in past years, direct questions on qualification to the Center at 657-7595 or 658-2258. If you qualify for fuel assistance, many other benefits to save heat will be available to you.

Senior Citizen Fair

The Senior Citizen Fair is closing in very fast. Marilyn McCarthy the Chairman has some books that have to be sold. We are not receiving too many mittens, and other knitted articles. The weathermen are already predicting a very cold winter again this year. The young mothers will be arriving as they have in previous years to get their supply of hand made mittens of all sizes, scarves, hats and sweaters.

Marilyn is hoping all the seniors who knit or crochet will make her happy by having enough items to please the children and their mothers. Any senior making articles at home who cannot get them to the center is urged to call the Center and arrangements will be made to have a volunteer pick up the articles and visit to thank you personally for your help.

Marilyn will need any other type of gifts never used, especially if they are in their original box and you cannot use them, for the Christmas Table. Wood, ceramic craft articles would also be appreciated. All types of baked goods for the pastry table, and cholesterol and salt free baked articles for the nutrition table. Please, do not take any flea market articles until the day of the fair; we do not have a place to store them.

Thanksgiving dinner dance

The November social will be a Thanksgiving dinner dance donated by the Tewksbury/Wilmington Elks to Wilmington residents 60 years and over. It will be held in the Elks Hall on South Street, Tewksbury, Thursday, November 7 beginning at 6:30 p.m. The elks requested we have seniors sign up and pick up their tickets at the Senior Center before the social. That will let them know how to set the hall to accommodate all of us. The members of the Elks work very hard all day preparing the evening for the Wilmington seniors, and the following week again for the Tewksbury seniors opening the beginning of the festive holiday season. We will start giving out the free tickets for the social on Friday, Nov. 1 at 10 a.m.

Special town meeting

A special town meeting will be held at the high school Monday, Oct. 28 starting at 7:30 p.m. Several important issues will be raised at this meeting that will effect our tax rate for the coming year. A few important votes will be on the trash collection and the golf course.It is important for all residents to attend, especially the elderly. If the articles are voted for or against and you are on the losing side, it would be senseless to complain if you were not at the meeting to cast your vote.

The program and classes next week are: Monday, Oct. 28, exercise class 10-11 a.m.; art class, 1 to 3 p.m.; whist every day in the kitchen starting at 1 p.m. Tues., Oct. 29, shop class working hard on fair articles from 9 a.m. to noon; Wed.,Oct. 30, exercise class, 10-11, craft class 9-12; Thurs., Oct. 31, sewing, knitting and crocheting class 9-12, ceramic class 9-12, dance class 1-2:30, nurse starting at 1:30, Fri., Nov. 1, third exercise class 10-11 and bingo 1-3.

Woburn St. School News

Most of the fifth graders at Wilmington's Woburn Street School went to nature's Classroom last week in Groton at Grotonwood. This program is for boys and girls to learn about nature and about different animals.

We were all in groups and every group did different activities. Some of what I learned is how salmon live and get back to the home where they were hatched and how beavers made their dams and lodgers how to tell the difference between clouds and how your eyes work at night and about how the slaves we treated.

The staff at nature's Classroom was very nice and they work very hard so we can have a good time. The parents and the teachers who stayed worked very hard too. Nature's Classroom should stay at the school so kids who come to the fifth grade in the future can have as much fun and learn as much as we did.

Thank you, all the parents who helped out and to all the teachers who made this trip so much fun and a big thanks to Officer Bruce.

• MEAP results

(continued from p. 1)

O'Donnell said she will be analyzing the test results with the Wilmington administrative team over the next few weeks and will provide reports and recommendations at the next regularly scheduled school committee meetings.

"Our first steps in our analysis will be to look at student performance over time, examining the major curriculum areas in depth," O'Donnell said. "We also have to examine our own expectations and ask ourselves if our students are where we want them to be, and if not, what needs to be done in the areas of curriculum and staff development to reach our expectations."

O'Donnell added that the results show the "tremendous effort of our teachers in classrooms with large teacher/student ratios.

"The overall positive results may also reflect the improvements in textbook adoptions over the last two years compared to materials in use in classrooms in 1994," she said.

The results of the tests, reported for all school systems statewide in reading, mathematics, science and social studies were recently released by the Massachusetts Department of Education as the final year of MEAP testing. A new testing system program that correlates to the new statewide curriculum frameworks is currently under development.

The 1996 test results can be compared to the test administered in 1994 except in the area of writing, which was not scored on a separate test category in 1996. Students answered a combination of open-ended and multiple choice questions.

As in 1994, the open-ended questions comprised 30 percent of the school score, and provided much of the information used to develop proficiency level descriptions used to report school results.

10 percent for Shane Warford

Monday, October 28, Royal Dynasty, a Chinese Restaurant located at 217 Lowell Street in Wilmington, will generously donate 10 percent of its daily proceeds to the Shane Warford Memorial Scholarship Fund.

This includes both dine in and take out. Your attendance with family and friends, any time between 11 a.m. and 9:30 p.m., would be greatly appreciated to help make this a success.

ARE YOU PROTECTED?

by Edward H. Wilkens

WHAT IS BONDED SERVICE?

QUESTION: What is meant by "bonded" service?

ANSWER: A bond may be provided to guarantee the public that a business will meet its obligations. A messenger service may operate a "bonded" service. All of its employees are bonded to assure its customers that any losses from infidelity will be paid.

A "bonded" warehouse may have a bond that does more than one thing. It may store goods for overseas shipping on which there would be no duty if shipped as intended. The bond would guarantee payment of any duties or penalties if the property is not handled as required. It may also secure a bond to guarantee its customers that any obligation to them would be paid.

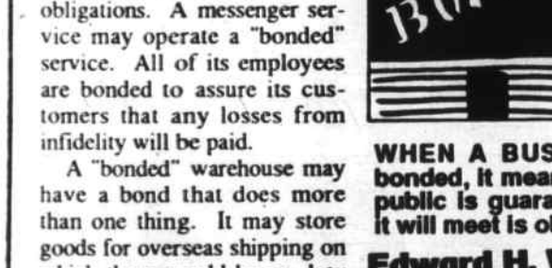

WHEN A BUSINESS is bonded, it means that the public is guaranteed that it will meet is obligations.

Leadership, great defense - what else can you ask for from this trio?

by Jamie Pote

The Wilmington High School varsity field hockey team just recently clinched the Cape Ann League Large School Division Title.

And they accomplished that by working hard, working together and most of all by having a stingy, and powerful defense led by CAL All-Star Paula DeCourcey.

But it's not just DeCourcey who has held opponents to scoring just nine goals in the team's 14 games. It's other seniors, such as Nicole Catanzano and Suzanne Williams, as well as a few underclassmen, including first year goalie Patrice Mendoza.

However, the senior trio of DeCourcey, Catanzano and Williams have brought many things to this team. Hard work, determination, leadership and talent are all several reasons why the team will be looking for its first ever State Championship when the state tournament starts late next week.

And even though many talented field hockey teams of the past 20 years or so never accomplished a state championship, this trio thinks this year's team can do it.

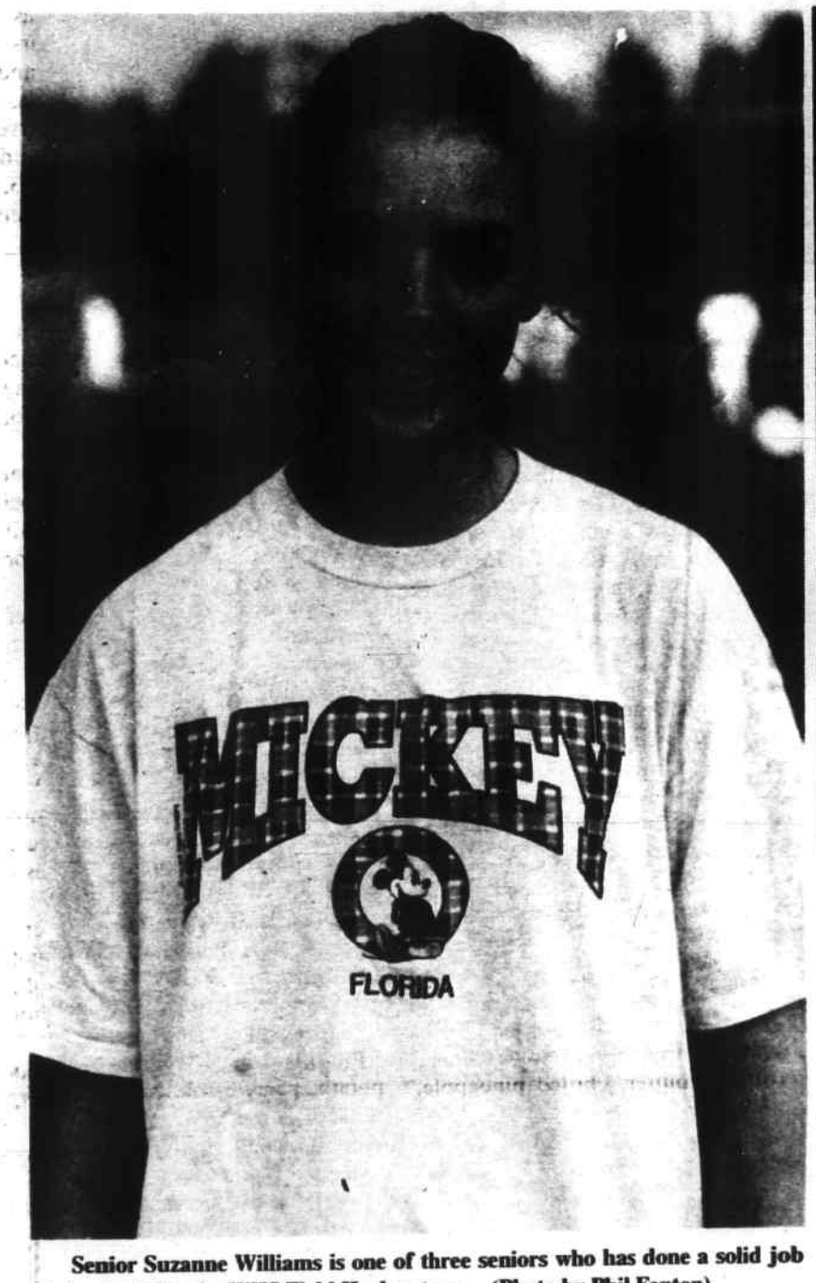

"We have to play like we have been playing and we have to score more," DeCourcey answered as to what it will take to win it all.

Catanzano offered, "We just take it one game at a time. We just have to concentrate and get psyched up for each game."

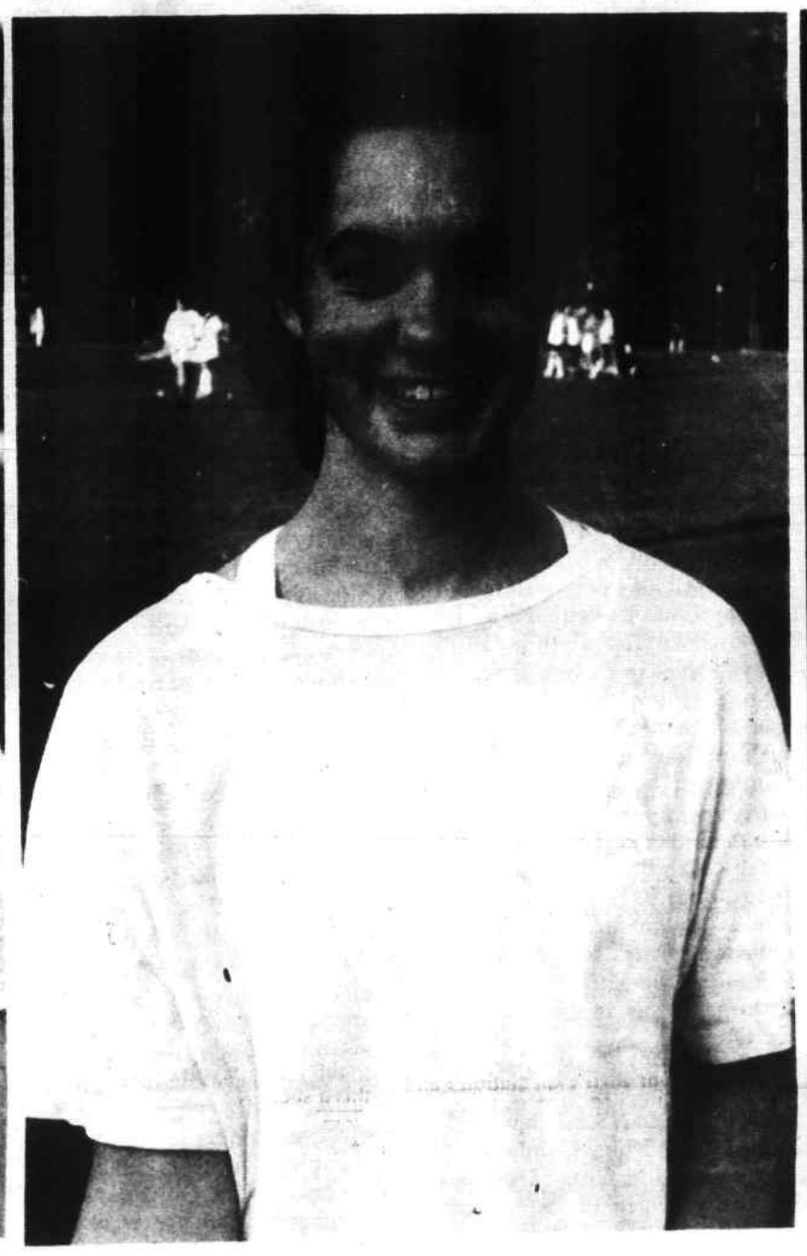

Williams added, "As long as everyone plays their position and plays together, then we will do fine."

Last year, the field hockey team finished the season at 8-8-2 and they were eliminated in the first round of the state tourney. The

Young boys soccer team has really turned it around

by Jamie Pote

Over the past month or so, the Wilmington High School boys soccer team has played like the teams at the start of this decade did.

This year's team has really turned their play around as of late which includes their come from behind 2-2 tie against a tough North Andover squad on Saturday night.

Wilmington (7-7-1) now needs either two wins or a win and a tie in their last three games to clinch a tournament spot for the fifth time in the past seven years.

In the past, Wilmington always seemed to get strong defensive play from not only their defenders, but their goaltender as well. And lately, that has been a huge factor of Wilmington turning its play around with the likes of Dan Sweet and Jeff Arciero in front of netminder Timmy Flynn.

Head coach Dick Scanlon, "I have been really pleased with the defense as a whole. I thought Dan Sweet really played well on Saturday - he challenged for every ball.

"I also thought Chris DiJulia played his best game ever. Both teams played really hard. I thought it was the most competitive game we played all season," Scanlon continued.

North Andover scored the first two goals of the game with the first one coming in the first half. Flynn came out of the net and he punched the ball over the head of a NA player. The ball, still in the air, was then headed by a NA player to a teammate who softly touched in the first goal of the game.

North Andover tacked on another goal and with about 15 minutes left in the game, Justin Vallas blasted one from about 20 yards out on a nice pass from Jeff Arciero.

As the minutes were ticking down in a 2-1 game, Scanlon decided to move Mark DiGiovanni from his defenders spot up to a midfielder's position. The strategy paid off for Scanlon as the sophomore tied the game up.

"I hated to take Mark out of defense, but he has very good speed and he has a knack of getting around defenders. I have moved him before and it worked on Saturday," Scanlon said.

Wilmington is scheduled to play the very physical Hamilton-Wenham squad on Wednesday afternoon at the North Intermediate School, but the playing field looks like a small pond. Scanlon said no matter when the teams match up, his squad will be ready.

"They beat us pretty good last time (6-2). They are a very physical team and they are much bigger and stronger than us. They are an explosive team who can easily score five or six goals. If we are to beat them, we have to keep the ball on the ground and keep them off the board. We have to play great defense and shut them down."

And on Saturday, Tewksbury behind junior Anthony D'Angelo who notched his 20th goal of the season on Saturday comes to Wilmington and on Monday the Cats return the favor. Either way, those two games will not be easy since D'Angelo has scored as many as four goals in one game with as many as six defenders marking him at once during a game.

"The kids are playing with a lot more confidence. They are young, but I think the experience of playing has really helped them," Scanlon said.

The team has really turned it around since the start of the season and no matter what they do in these last three games, they will be a team to be reckon with in the next year or two.

Field Hockey team has five all-stars

by Jamie Pote

On Tuesday night, five players from the Wilmington High School field hockey team were honored.

Senior Julie Gillis was an all-conference selection as well as an all-star. She along with junior Jodi MacKenzie will play in this Sunday's Cape Ann League game against the Northeast Conference team at Danvers High School at 1:00.

Gillis and MacKenzie along with seniors Paula DeCourcey and Deanna Ward and junior Catherine Townsend will all play in the Cape Ann League all-star game (all of the teams are divided up) on Friday afternoon at Masconomet Regional High School at 3:15. Head coach Maureen Noone will coach all five players for the Large School Division.

Football team blows out Amesbury

by Jamie Pote

Even though the statistics are deceiving, that was far from the case as the Wilmington High School football team continued its undefeated season as it pummeled the Fighting Indians of Amesbury on their turf, 47-7 on a cold and windy Saturday afternoon.

Wilmington jumped out to a quick 27-0 lead in just a little more than a quarter of play. The Cats offense was potent and unstoppable even though they faced an Amesbury squad that had a paper thin defense.

Going through the box score, the stats seem as if Wilmington was the one who got blown out. Check out these stats: out of 100 total plays in the game, Amesbury's offense ran 70 of them. Amesbury had more first downs (15-9) than Wilmington, but Wilmington gained more yards on the ground as a team than Amesbury did (308-293). The biggest margin for Amesbury came when they had possession of the ball 27:56 compared to Wilmington's 12:04 throughout the entire game.

One more stat to throw at ya, Amesbury had 11 series and they scored just once, Wilmington, on the other hand had nine series and they scored on seven of them - and of the seven series in which Wilmington danced in the end zone, none of them lasted more than four plays from the line of scrimmage.

The win kept Wilmington undefeated with an 6-0 overall record and the Cats moved up in the Boston Globe Top Twenty Poll to number eleven in Eastern Mass.

This Saturday, the team returns home to Alumni Field to take on a tough offensive team in Lynnfield. Wilmington beat Lynnfield last year, 39-27 in a wild, back-and-forth mud-infested game.

Head coach Bob Almeida knows his team has its work cut out for them with the next two games pretty tough with North Andover (6-0) after Lynnfield (5-1), but he liked what he saw in the Amesbury victory.

"I knew the kids were going to come out flying. I could tell that in warm-ups. Last week they were a little flat and [on Saturday] the kids were really pumped up and that really helped in the beginning," Almeida said.

Besides Wilmington's seven touchdowns, the big story in the game was the incredible work by Amesbury's back Carlton Anderson, who tacked up 246 rushing yards on 37 carries.

"That kid was unbelievable. He is one of the best backs in the Cape Ann League," Almeida said.

When told that Anderson chalked up 246 yards against Almeida's perennial powerhouse defense, Almeida responded with, "Now I'm more impressed with him. He had a fantastic day - we had problems containing him. We had problems with the cut-back move, but we will work on that."

Wilmington did come out flying. For the first time in the season, Wilmington returned the ball to start a game. Jamie Campbell got the team rolling with a 30-yard kick-off return to put the ball at the Wilmington 47-yard line.

Eleven minutes and sixteen seconds later, Tim Gillis completed a pass to older brother Rich for a two-point conversion catch making it 27-0 with 8:44 left in the first half.

And in between that was a 5-yard touchdown run by Rich Gillis; a 67-yard touchdown run by P.J. Heffernan; a 54 yard reception TD by Campbell from Tim Gillis and a 12-yard TD run from Billy Harrison - all of those came on Wilmington's first four possessions.

"We did some good things offensively," Almeida said. "We were not trying to run up the score - we would not try to embarrass another team. We didn't mean to get that last touchdown."

When asked about his quarterback really improved his play, Almeida replied, "Timmy Gillis really stepped it up today. I told him before the game that he had to step it up and he did. The touchdown pass was really impressive especially since he was going against the wind."

Wilmington's first touchdown came when Rich Gillis carried three Amesbury defenders on his back into the end zone for a 5-yard TD run, making it 6-0 with 8:18 left in the first quarter. Sean Kerrigan returned from his back injury and he nailed the PAT.

After holding Amesbury to three-and-out series, P.J. Heffernan took the ball on a sweep play from the Wilmington 23-yard line on a third-and-fourth call and he ran to the outside, following his blockers very well once again and ran down for a 67-yard TD making it 13-0.

Amesbury once again went three-and-out and Wilmington once again put more points on the board. After gaining just a yard on two run plays, Almeida decided to mix it up as Tim Gillis lofted a beautiful spiral into the wind and into the hands of Jamie Campbell at the Amesbury 22-yard line, but Campbell trotted into the end zone to put the game away at 19-0 with 1:51 left in the first quarter.

For the third consecutive time, Amesbury was held to three-and-out . Wilmington took over at their own 43-yard line and Kerrigan gained two yards on the first play from scrimmage to close out the first quarter. After Kerrigan was stopped at the line of scrimmage to open the second quarter, Harrison took a hand-off, stopped and threw to Rich Gillis for a 43 yard gain, setting up a first down at the Amesbury 12. Harrison found the end zone going backwards on the next play on a terrific option pitch from Tim Gillis.

Wilmington added two more points when Tim Gillis found his brother Rich wide open in the end zone on a play action fake, making the score 27-0.

Amesbury then scored their lone touchdown of the game as they controlled the ball from the 8:44 mark until 0:40 mark left in the first half. Anderson carried the ball 16 times in the 18 play series, gaining all but one yard which started from Amesbury's 15-yard line.

Rich Gillis, Harrison and Jim O'Donnell all found the end zone in the second half to close out the blowout.

On the day, Harrison and Rich Gillis had two touchdowns each. Harrison gained 143 yards on six carries and he has at least gained 100 yards in all but one game this season. He now has 782 yards rushing and nine touchdowns in just six games.

Harrison's 43-yard pass kept him perfect throwing the ball this season as he is 2-for-2 on halfback option calls for 110 yards.

Rich Gillis on the other hand, scored two more TDs himself and that has him on a very impressive streak of scoring two touchdowns in each of his last three games. Rich has now chalked up 381 yards on the ground and 192 in receiving yards.

Playing well defensively for the Cats in the win over Amesbury were Pat O'Toole, Adam Mazza (blocked punt) and Dave DeAmato, who continues to be the team's best defender against the pass.

Wilmington will host Lynnfield this Saturday at 1:30 (unless it's changed and I don't know about it).

Matt Haskamp played another terrific game on Saturday as he dives into to make another tackle. (photo by Phil Fenton).

Wilmington traveling youth soccer action

A tenacious Stoneham squad gave the Wilmington Boys Under 9A youth soccer team a real test Satur- day but the hosts learned the hard way that you can't keep a good team down as they fell to Wilmington, 4-1.

The only team to score against Wilmington this season, Stoneham was seeking to avenge an earlier loss by the same score. And as they had when visiting Shawsheen Field, Stoneham drew first blood.

Stoneham found a forward uncovered at the top of the penalty area and he uncorked an unstoppable, high, hard shot into the top right corner for a 1-0 lead.

At the other end of the field Wilmington attackers found themselves frustrated. Zack Mayo and Brian Caira each relieved Stoneham players of the ball on separate rushes and fed passes to Dennis Fiumara and Jeff Youngclaus respectively. But Fiumara and Youngclaus were both robbed repeatedly by a sturdy Stoneham keeper.

In the Wilmington goal, Brian Wilson kept Stoneham in check by snaring any loose balls that came his way with the able assistance of defenders Raymond Gravallese, Timmy Kent and Brian Sullivan.

Stoneham's goalie continued to stymie the Wilmington attack but as they say on Sports Center: "You can't stop the Big Blue Juggernaut, you can only hope to contain it". Stoneham is still hoping.

When it looked like it would take a perfect play for Wilmington to score, the boys went ahead and did just that. Youngclaus on the wing dug the ball out of the corner and crossed it to Shane Foley who one-touched it to Caira who one-touched it into the net.

Wilmington's offensive horses were out of the stable.

Center forward Stephen Potcner made life miserable for Stoneham's defenders repeatedly stealing goal kicks and throw-ins to send his wingers in for shots. And Wilmington defenders did their part to create some offense.

Sullivan set things in motion for the go-ahead goal when he was beaten by a Stoneham forward but roared back to steal the ball from him and take it to midfield where he sent a beautiful pass to Caira. Caira immediately put a shot on goal that was stopped but Youngclaus jumped on the rebound and banged it home.

Coming out in the second half with a 2-1 lead Wilmington took control. Mayo made a living working the ball up the wing to Wilson who was ready to get in on the offense after Gravallese took over in goal. At the other wing Fiumara's speed kept Stoneham defenders out of breath.

Sullivan put on his offensive hat as well to join Kent and Foley on the attack. Kent lofted a high pass to Youngclaus who controlled it and put a shot off the crossbar. Sullivan smartly followed the shot and was there to knock in the rebound.

Back on defense Wilmington was rock solid. Foley, Potcner and Mayo zipped around stealing balls and lightening quick keeper Gravallese was getting out to balls before Stoneham attackers could think about doing something with them.

Potcner's patented pass-pilfering produced Wilmington's final score in a goal-mouth frenzy. Stepping up to steal a long boot by the Stoneham keeper, Potcner sent a shot right back in on the net. Youngclaus put the rebound off the post, a Sullivan shot was stopped, a Caira shot was stopped. Finally Foley got a pass to Caira who tapped it easily into the net.

On Saturday Wilmington (6-0-1) hosts Hanscom in the season finale.

Under 12 A

The Wilmington Boys Under 12A Travel youth soccer team went to Woburn to again meet that town's number one team in Division I play of the Middlesex Youth Soccer League.

The boys faced a strong and determined team from Woburn who constantly were attacking the ball and playing a good mental game of soccer. Wilmington played them tough with lots of aggressive play and strong defensive play by sweeper Danny O'Connell and left midfielder Thomas Doyle. Some mental mistakes by Wilmington led to three unanswered goals in the first half.

In the second half, Wilmington stepped up its play with John Bavota driving home the right wing, placing a good cross which was headed across the goal by Keith Frongillo and finished into the net by Stephen Gravallese.

Playing most of the second half in the Woburn end, midfielders Thomas Duffy and Patrick O'Shea played a strong passing game allowing the Wilmington forwards to pressure the Woburn goal keeper.

Wilmington scored another goal on a perfectly placed corner kick by Patrick Sousa, which was headed into the net by Keith Frongillo. Despite the 6-2 loss to Woburn, the Wilmington squad continues to improve its game.

Under 10B

The Wilmington Boys Under 10B youth soccer team and their Wakefield opponents both went into Saturday's game knowing they had a tough game on their hands.

But the didn't expect to be confronted by a common opponent that showed up in the form of a fierce wind. Facing chilling conditions with swirling gusts that made ball control tough and dictated defensive discipline, the two sides rose to the occasion and played to an appropriate 1-1 draw in Wakefield.

Midfielder Mike Vassallo took to the defensive tenor of the game early when he raced back in support to help defender Sean Burns foil a Wakefield attack. But keeper Sean Wilson was anxious to get the offense in gear and daringly booted loose balls upfield despite the presence of onrushing Wakefield forwards.

Guthrie Gordon raced up the wing with one of those clearing kicks and almost got Wilmington on the board with an ice shot from the left side. The wicked wind interceded, however, and the lofting shot died in a gust.

Matt Stewart and Kyle Patrie worked the ball closer to the net but Stewart's lead pass to Patrie just missed. When Patrie took a corner kick from the right side the two hooked up again and Stewart nearly tapped in Patrie's rocket of a shot.

Forwards Vassallo, Justin O'Neill and Chris Murray did their part to generate an attack but struggled against a stingy Wakefield defense.

Wilmington dodged a bullet when a Wakefield shot rang off the crossbar but it was a rare opportunity for the host's forwards. Defenders John Bell, Sean Burns, Patrick Contrada and Scott Hanson did yeoman work controlling bouncing balls in front of their net, getting control and moving them up to the front line.

The half ended scoreless and it was clear goals would be hard to come by.

Picking up where they left off in the first half, Wilmington's defenders were dominant. Hanson twice ran down Wakefield forwards with 2-on-0 breaks and knocked the ball away.

Contrada did a spectacular job stepping up aggressively from his defensive pot to feed balls back to the forwards and make some pretty steals.

As time ticked away the up and down action grew more furious and it looked like ripe for something freaky to happen. That something turned out to be a Wakefield goal when a ball bounced out of a crowd in front of the Wilmington net and found a lone Wakefield attacker who gladly accepted the easy tap-in for a goal.

Rather than fold when things looked bleak on a day they knew goals would be few and far between, the Wilmington players got more determined to reward the great play of their defense and keeper Burns. Defenders O'Neill, Bell, Hanson and Contrada had all but shut down the Wakefield attack in the second half and the Wilmington forwards didn't want to let their teammates down.

With just a few minutes to play, Murray streaked down the left wing and zipped a pass to a wide open Wilson planted in front of Wakefield's net. The Wilmington midfielder miskicked, however,and the ball bounced harmlessly across the net.

This would not do.

Gritting his teeth, Wilson raced across the field stalking the ball and stole it back near midfield. Wheeling around he took just a few strides and launched a long distance shot that rode the wind and bounced past Wakefield's keeper to tie the game.

Now truly energized, Wilmington laid siege to Wakefield's net. Off the kickoff Patrie drove straight to the goal but was taken down from behind. Seconds later, Stewart hit Patrie with a pass and Patrie hit the crossbar. Both forwards charged the net but the ref blew the play dead as a heap of bodies converged.

And with that a great soccer match ended.

This Saturday Wilmington travels to Billerica for the season finale.

Under 12B

The Wilmington Under 12B youth girls soccer team traveled to Waltham on October 5 and played one of their best games of the season winning 1-0.

In the first half, Wilmington put lots of offensive pressure on Waltham with nice passing and shooting supplied by Heather See, Ashley Young and Megan Fudge - but Waltham was able to stop everything. Christine McInerney, Jenna Ciaramella and Katie Marasco provided plenty of support and were unbeatable on defense.

In the second half, the girls picked it up a notch and swarmed Waltham. Julian Stokes' hard work almost paid off with a goal but again the Waltham goalie made a nice save. Heather See and Katelyn Kasko were able to team up for some more nice passing and set up Danielle Sullivan, who drove home the winning goal with a beautiful shot. Jacqueline Robarge and Megan Grenier played especially good all around soccer and stopped Waltham cold.

Wilmington vs Reading

The girls traveled to Reading for the seventh game of the season. Wilmington played very aggressive soccer from the start.

Kelly Komenchuk, Jenessa Mutchler and Meghan Fudge moved and passed the ball into the Reading end for several nice shots but were denied by a tough Reading keeper. Danielle Sullivan, Elyse Gambardella and Lauren Mallon played tough on defense and limited Reading to a few shots.

Danielle Maison played keeper and was able to stop all shots for Wilmington. The first half ended in a 0-0 deadlock.

The second half started with a flurry of shots by the Wilmington girls. Ashley Young was able to feed Christine McInerney who lofted a nice shot over the Reading goalie for the first score. A few minutes later on another assist from Ashley Young, Kristen Frizol lofted the ball into the corner for a 2-0 lead.

Wilmington's defense took over by forcing the ball to remain in Reading's end. With a few minutes left, Reading had a breakaway attempt but Danielle Maison came up with a big save and Wilmington won 2-0.

Rufo

Thousands of rowers from all over the world were disappointed this past weekend, when for the first time in 32 years the Head of the Charles Regatta was canceled. The weather would just not cooperate. The winds were just too high, making the water choppy and dangerous.

One of these disappointed rowers was Patrick Rufo, a 1995 graduate of Wilmington High School. Patrick is a sophomore at UMass, Amherst. He is on the eight man Varsity Light Weight Crew. He and his teammates waited around all morning to hear what the status of the races would be.

The eight men boats were the last to be canceled. The UMass team has been undefeated so far this season. They have won the gold both at the Lowell Textile River Regatta, and the Conn. River Regatta. They had a good chance of placing again at The Head of the Charles.

Patrick's next race will be in Pennsylvania next weekend. Good luck goes out to the team and keep up the good work, Patrick.

Under 9-B soccer team still perfect

The Wilmington Girls Under 9-B youth soccer team has taken its record to 7-0 with wins in its last three games. With only one game remaining in the fall season, the Under 9-B team has kept a perfect season alive by outscoring its opponents 28-0.

Week five had Wilmington at the Nelson Field in Waltham. With the absence of goalkeeper Julia Stein, Wilmington shared goal keeping duties between three players. Brianne Bozzella started in net, holding Waltham's offensive line at bay with several outstanding saves. Defenders Brittany Schofield and Katelyn Lynch took pressure off of Bozzella by continually moving the ball into Waltham's end of the field.

"Kat" Stazzere took a quick pass from teammate Jillian Guzinski to score the first goal of the game. Within minutes of her first goal, Strazzere, pushing the ball up the field, made a long lead pass to Alyssa Bibeau who then made a short cross net pass to Ashley McGrath. McGrath blasted a short past the Waltham goalkeeper for the second goal of the game.

A quick shift change brought another goal with forwards Alicia Murray and Alyssa Bibeau setting up a scoring opportunity for forward Jillian Guzinski, who tapped the ball in for her first goal of the game.

The second half of the game defenders Sarah Jackson and Taylor Duffy shared goal keeping responsibilities, allowing no goals. The final goal of the game came from Jillian Guzinski on a solo breakaway who put a well placed shot into the upper corner of the Waltham net, bringing the final score to Wilmington 4, Waltham 0.

Game six had Wilmington hosting another Waltham squad at Shawsheen Field. With the absence of Julia Stein and Carla Ellis, Wilmington again showed its diverse team strength by shifting forwards and defenders to keep Wilmington's offensive attack alive.

The first goal of the game came from forward Alicia Murray on two quick passes from Kathleen Strazzere and Jillian Guzinski. Strazzere got her second assist of the game when she passed to Alicia Murray on a breakaway who brought the ball down into the Waltham end. Murray made a quick pass to Brianne Bozzella in front of the net, allowing Bozzella to shoot low and away, beating the diving Waltham goalkeeper.

Bozzella added another goal when the attacking forward line of Sarah Jackson and Alicia Murray gave Bozzella a tip in goal by a deflected shot from Sarah Jackson.

The second half of the game had forwards Taylor Duffy and Kat Strazzere set up a goal from teammate Jillian Guzinski. Alyssa Bibeau made the final score Wilmington 5, Waltham 0, when Strazzere and Ashley McGrath set up a quick footed Bibeau who displayed excellent ball control around two defenders to put the game away.

Week seven brought Wilmington to Reading's home field for another tough game against a hard playing Reading squad.

Brianne Bozzella started in net, taking on several shots in the opening minutes of play. With the arrival of starting goalkeeper Julia Stein, a quick goal change was made and Bozzella took the field with fellow forwards Jillian Guzinski and Kat Strazzere. The three combined immediately when Guzinski, driving down the sideline, passed to Strazzere in the corner, who then fed the ball through two defenders to a waiting Bozzella, whose quick shot beat Reading's goalkeeper.

The offensive line of Alyssa Bibeau, Alicia Murray and Ashley McGrath played beautifully, keeping the pressure on Reading's net.

Defenders Taylor Duffy, Sarah Jackson, Katelyn Lynch, Brittany Schofield, and Carla Ellis played their usual pressing defense by keeping the ball in the Reading end throughout the game.

The second goal of the game came from Jillian Guzinski, who deflected a cross net pass from Kat Strazzere. Wilmington clinched the win when Ashley McGrath, with minutes remaining, centered a pass to Guzinski who fed the ball to Strazzere, whose shot rolled wide of the outstretched Reading goalkeeper to bring the final score to Wil- mington 3, Reading 0.

Congratulations to goalkeeper Stein, whose determination and quick thinking have kept all opponents scoreless throughout the season.

Congratulations also goes out to the entire Wilmington team who have displayed fine sportsmanship and a willingness to play each game not as individuals, but as a team.

HARDWOOD FURNITURE
Construction of this furniture is of solid wood taken from quality North American Hardwood Trees. In both the manufacturing and finishing we try to bring forth the character and beauty of the wood.
Solid Hardwood furniture can offer pleasure and utility throughout an entire lifetime and beyond. Enduring design and quality construction allow solid Hardwood furniture to hold its value decade after decade.
The beauty of Hardwood is an expression of nature. It is not engineered, it is not synthetic. its beauty is not just skin deep. Just as every tree in nature is a little different from the next, every piece of furniture is one of a kind.
Solid Hardwoods offer great resistance to marring and scratching. If it is damaged, it can be repaired because it is solid wood throughout.
Hardwoods are a natural fiber. Therefore, even furniture that has a good protective finish may swell or shrink slightly from one season to another. Extremely dry conditions will have an opening effect in the grain of the wood. In a damp environment, it can swell and warp out of shape. Exposure to direct sunlight can cause changes to occur in the wood or finish. Care needs to be exercised to avoid these extremes.
We expect every piece of furniture you receive from us to live up to your high standards in both finish and construction. This furniture, if properly cared for, will give you years of service, and the value, warmth, and beauty of it can be enjoyed for generations.

Lynnfield's offense is potent

by Jamie Pote

Last year it was a shoot-out throughout pouring rain on a muddy field. And with the storm of this past weekend and both teams high profile offenses, that same scenario could happen again when Wilmington (6-0) and Lynnfield (5-1) meet up for a football game this Saturday at Alumni Filed at 1:30.

Lynnfield has a powerful offense lead by quarterback Jason Caggiano, who likes to throw (he tossed for 89 yards last year against the Cats). Justin Haskell is a talented 6'6" tight end (whp caught six passes last year for 82 yards) and WHS head coach Bob Almeida those two players are enough to worry about.

But Lynnfield's defense doesn't seem that strong at all - hey they gave up 54 points to North Andover and 41 of those came in the first half.

Wilmington and North Andover play on Friday, Nov. 1 for what should be the battle of the CAL championship to see who will go on to the Division 4-B Super Bowl.

Anyway, last year Wilmington beat Lynnfield 39-27 in a crazy back-and-forth battle. Lynnfield only lost four players from last year's squad and they have seven seniors this year.

I know I'm going to sound like Derek Sanderson when I say this but, the keys to the game for Wilmington is to scoring early and often. If Lynnfield does throw as much as they are said to do, then the secondary players have to be ready and they have to make the proper tackles. Dave DeAmato and Billy Harrison have done terrific jobs this season in the secondary and their play of this year is a drastic improvements from last season. Rory Ballou and Tim Gillis also continue to improve as well.

Wilmington is averaging a smidge under 300 yards rushing per game. That is amazing. But that also has to continue - especially in these two weeks. Billy Harrison, Sean Kerrigan and Rich Gillis make up probably one of the best backfields around and no one has come close to stopping them yet. And these two games should prove just how talented these guys really are.

Enough with them, the play of the offensive line has been incredible. Matt Haskamp is a terrific player. And the rest of the line has done extremely well, as has the entire defense who allowed their first touchdown in the first half last Saturday.

Anyway, look for another shoot-out. I expect Wilmington to trounce all over the weak Lynnfield defense, but the Wilmington 'D' will be tested for sure. The last time they were tested was against Ipswich and they responded by slamming the door shut, 14-0. Expect the 'D' to come through again.

Prediction:
Wilmington 42 Lynnfield13

Notables:

I'll take it medium rare

• On Monday afternoon, this reporter ran into head coach Bob Almeida at Michael's Place. The coach said he was getting a sub, but it wasn't for him. He said he made a deal with quarterback Tim Gillis before Saturday's game that Tim had to improve of his decision making.

So the deal was if Tim made a few good decisions, the head coach would buy him a steak dinner. So Tim offered back what if he made one good decision - if that was the case Almeida told him, he would buy him a sub.

Anyway, Gillis made one very good decision when he hooked up with Jamie Campbell on a 46-yard completion.

So the coach bought his young pupil a steak and cheese sub. Do ya think Gillis shared the sub with Campbell?

The Weapon strikes again

• WHS Senior P.J. Heffernan has continued to be an amazing story. On his first four carries in varsity football play, he has totaled 150 yards and scored two touchdowns (65 yards and 67 yards). His nickname is the weapon, and you can see why.

Just give it to the Fab Five

• Whenever Rich Gillis and Billy Harrison touch the ball they gain 12.5 yards and 10.3 yards, respectively. Now add Heffernan's 37.5 yards per carry/catch; Campbell's 22.5 yards per carry/catch and Kerrigan's 6.9 yards per carry/catch and the "Fab Five" average 17.9 yards everytime they touch the ball.

We're #1, no we are

• Even though the season is half over, don't forget Tewksbury is 6-0, too. It could be one of the best Turkey Games to remember. Just thought I would remind you once again. Wilmington is #14 in the state according to the Boston Globe and Tewksbury is #5 in the state.

One may never know, it could have been two undefeated Merrimack Valley football teams battling it out for the right to go to the Super Bowl? Just a thought.

Squirt B's coming around

The Wilmington Squirt B youth hockey team has definitely started to click as a team, winning its last two games against North Andover and Medford.

The Wildcats had a rocky start to their week, losing 8-0 against an excellent Wakefield squad, but they apparently didn't let that get them down since they came right back to win the next two games by scores of 5-2 and 5-1.

The B's Monday evening game against Medford was a classic back and forth hockey game with neither team leading by more than a goal until late in the third period. Wilmington's Bobby Sinopoli led the way scoring three for the hat trick, including a rare penalty shot goal after he was tripped up on his way to a sure breakaway.

Wildcat Eric Ollila also contributed two goals including an end of the game "empty netter." Jackie Rideout skated well as usual and helped out with an assist to Ollila.

This game was certainly a physical one with a total of 11 penalties. Wilmington forwards Jason Randall, Kevin Velardo, Steve Emery and Jay Surianello hustled well, keeping the pressure on Medford with some super forechecking. Richie Buckley played both forward and defense in this game including a great breakaway rush which was just barely stopped by the Medford goalie.

Mike O'Connor was the spark plug for Wilmington in Saturday morning's win over North Andover. O'Connor scored three to notch a hat trick with assists going to Bobby Sinopol and Jay Surianello.

Also scoring for the Cats in the 5-1 victory were Jason Randall and Eric Ollila (one goal and one assist). Gaining points on assists were Steve Emery, Jackie Rideout and Marshall Nevins.

Joey Pino had a super defensive game with some excellent play at the blue line as well as breaking up several breakaway bids. Also providing great defensive support for Wilmington were Jennifer Corcoran, Jimmy Fitzpatrick, Eddie Lopez and Marshall Nevins.

Wilmington netminders Matt David and Dean Smith have shown that they're a tough tandem to beat. David and Smith continued to do well between the pipes, coming up with some dynamite stops frustrat- ing their opponents.

The Squirt B's next game is scheduled for Saturday, October 26, 11:20 a.m. at Hockeytown arena in Saugus.

WHS Field Hockey trio

from page 17

team was able to get into the tourney by a DeCourcey penalty stroke goal in the team's last game of the regular season against Methuen in a non-league game.

And as of Oct. 22, this year's team is 8-1-5. The team is extremely quick, talented and perhaps they have enough depth to field two teams. But one thing is for sure, head coach Maureen Noone has a multi-faceted team - a potent offense, solid midfield play and outstanding defense.

"I like playing defense because you can see everything," said DeCourcey, a three-year starter who has three assists this season. "Last year whenever I got the ball I was scared and I just got rid of it. This year I try to get around players and I try to look up and make a nice pass."

Paula also has the distinct job of marking the opponents best forward - and she does that extremely well.

"Paula brings a lot to the team - her determination and desire is really something," said Noone. "One of the other Cape Ann League coaches said [at Tuesday night's All-Star selection meeting) that Paula has the 'never say die attitide'. And she does.

"Paula is not a flashy type player, but anyone who knows anything about the game knows that she is a real good player. I think she has played every minute of every game in the past two seasons except when I had to take her out of one game this year because she was hurt. She never wants to come out - even if she is hurt she won't tell you.

"I think the world of Paula. Academically and attitude wise she is excellent. She has a great attitude and she is a good leader - all of the kids look up to her," Noone continued.

Other than being known for marking up with the opponents top player, DeCourcey is also a 'flyer' on the opponents corner plays. That is, DeCourcey is the player who races to the top of the circle about 20 yards away from the Wilmington net, to try to keep the ball away from the opponent's forwards as only the Wilmington defenders can start off trying to get the ball away (the forwards are at the midfield mark and they have to face down from that point).

Opponents have only scored one goal all season long on corner plays - usually in a game a team has anywhere from 3 to 20 corners. That is not only credit to DeCourcey, but to the rest of the defense as well.

"I'm really proud of my defense. I think these three kids and the rest of the defenders have really helped out Patrice. They have made her job a lot easier - they have made her feel at home," Noone said.

The trio admitted that having Mendoza in the nets also gives them a lot more confidence.

"She's awesome. She is really funny. She always beats herself up trying to get herself pysched up. She'll hit her helmet with her stick and stuff like that. She is really aggressive," Catanzano laughed.

Williams admitted, "She has come along way. I think she is one of the best goalies around."

Catanzano and Williams are terrific role players for the team. The two of them seem as if they are attached because they are always together.

"Nicole is a real dedicated player, Noone said. "She is smart and she knows her limits. She knows how not to make a mistake. She is a team player and she works really hard. She doesn't start, but she is one of those players who is really supportive and when you call on her she does a real nice job."

Catanzano and Williams are halfbacks, while DeCourcey is one of the last defenders for opponents to get by. All three of them said instead of them just getting the ball and getting rid of it like a hot potato, they try to look for an open teammate, instead of just giving the ball away. They said double sessions and camp prior to the season have really helped them improve on their game.

"We knew we had a good team when double sessions started and when that ended we knew that we had the capabilities of being a first place team," DeCourcey said.

Williams offered, "Camp really helped. I think everyone really worked hard and everyone got along much better. We all get along really well this year."

Williams, known on the team as "animal", was a starter last year and she played extremely well. But according to Noone, this year she does not start, but she plays just as well as she ever has.

"It's not that her skills diminished, it's just that some of the younger kids have a stronger hit than she does and that's why I start them. Suzy is a very tough player. She is a great team player and she is a very aggressive player which really helps out the defense," Noone said.

And all three of them said they love playing the sport, they like being a part of a team who works very well together as a team and they really enjoy it more since they are seniors.

"I think this is the best team I have been on - I like it better because we all get along," said Catanzano, who is also on the gymnastics team.

DeCourcey said she doesn't know what happened about two weeks ago when the team suffered it's first loss of the season.

"I don't know what happened in that game, but maybe it will help us. We played really well at the start of the season and then for some reason we couldn't score and we didn't play as well as we could have. But now we are playing like we did at the start of the season. We just have to score more," said DeCourcey, who is also a basketball cheerleader in the winter.

Noone couldn't stop talking about how she has an entire team of terrific kids who work for everything they have - every goal, every win, every shut out and the CAL Championship.

And that starts with the six seniors: tri-captains DeCourcey, Deanna Ward and Julie Gillis as well as Christina Peters, Williams and Catanzano, who have given the team everything they possibly can.

Talent can only bring a team so far - team chemistry and the proper leadership brings the team to that next level. And Paula DeCourcey, Nicole Catanzano and Suzanne Williams have all done their share.

Wilmington Mite B's

The Wilmington Mite B youth hockey team squared off against their Tewksbury counterparts last Saturday in what turned out to feature some of the best goal tending of the season by both teams with Shane Foley between the pipes for Wilmington.

The teams battled to a scoreless tie in the first period thanks to Shane and the defense pairings of Derek Sullivan with Nicholas Yoemelakis and Chris Stafford with Robbie MacKinnon.

Daniel Tobin finally broke the ice for Wilmington at 8:22 of the second period with a steal at the Tewksbury blue line to create a breakaway and a shot through the five hole for a 1-0 Wilmington lead.

Tewksbury pressed hard and knotted the score in the third period which featured great up and down action by both teams. Wilmington pressed hard applying offensive pressure with the lines of Derek Flodin, Eric Svensson and Michael Earls and Dana Steenbruggen between Zack Church and Steve Stokes and Tobin between Keith Irwin and David Rizzo.

Both teams deserved a win, but settled for the 1-1 tie.

IT'S A PAIN IN THE NECK!

Ideally we like the properties we market to look spotless, but even the most impeccable housekeepers find it difficult to keep the house in prime showing' condition all the time.

Keeping the beds perpetually made, dishes washed, bathrooms spotless and the closets neat is a lot of work. Is it worth it? It is if you want to get your house sold in a reasonable amount of time for top dollar. Buyers often see normal clutter, and what registers is "this place hasn't been maintained." They see bathtub rings and think "plumber's bills." They see lint under the refrigerator and grease on the electric range and imagine having to replace all of the appliances. It isn't very logical, but people are often less than logical about buying a house. When making their final selection, they may be going on emotion and adrenaline rather than imagination. You can help your broker by minimizing the amount of imagination they will need to fall in love with your home.

GIRLS UNDER 10B TRAVEL TEAM

The Girls U10B team spent the holiday weekend in Marblehead to participate in the team s first tournament. On Saturday the girls played 3 games and faced stiff competition. Despite hard play, the team lost all 3 games but still managed to qualify for the consolation round to compete for 5th place on Sunday.

On Sunday, the team faced Marblehead, a team that had beaten Wilmington 4-0 the previous day.

On this day, Wilmington was eager for revenge. In the first half, Wilmington dominated. However, despite several scoring chances by Erica Frizol, Wilmington could not score. Late in the first half, tragedy struck Wilmington. There was a scramble in front of the Wilmington net where Marblehead was about to score when Meghan Flynn kicked the ball away in a great defensive play. During the play, Meghan fell and broke her arm in two places and will be lost for the season. The team will certainly miss her.

The injury made the girls more determined than ever to win for their teammate in the second half.

Second half action saw Wilmington have many scoring chances on passing combinations by Bridget Kent and Sarah McGowan. Wilmington s defensive combination of Amy McHale and Krystina Smith kept Marblehead out of the Wilmington end and maintained control of the ball throughout the second half. The game ended in a 0-0 tie at the end of regulation. Net minders Kerri Porter and Marjorie Taylor insured the shutout.

As the intensity of the game grew in double overtime, it wasn t until with one minute left that Kelly Crosby fed Jessica Alosco streaking down the left wing. Jessica fired the ball in the lower left hand corner of the net to give Wilmington the 1-0 win and fifth place finish. All the girls received a trophy and had a lot of fun over the weekend. Meghan Flynn received the sportsmanship award for the Wilmington team.

The following weekend, the girls hosted Melrose who they had beaten 5-0 earlier in the season.

However this game was a lot more difficult. In the first half, both sides were evenly matched. Offensive attacks and good passing by Erica Frizol and Amber Warnick led to several scoring chances for Wilmington. The defensive team of Amy McHale, Bridget Kent and Krystina Smith turned back all of Melrose s attacks.

In the second half, the girls began to get on track and dominate the Melrose team. Erica Frizol made a great centering pass to Sarah McGowan in the middle. Sarah fired a bullet that hit the post, just missing the first goal. Shortly thereafter, a combination of Sarah McGowan to Kelly Crosby to Jessica Alosco running on the wing led to the Wilmington goal.

Wilmington s goal tenders Kerry Porter and Marjorie Taylor preserved the shutout for Wilmington.

With one game remaining in the season, the girls record is now 4-2-1.

Boys Under 12A Travel Team

The Boys Under 12A Travel team traveled to Woburn to again meet that town s number 1 team in Division 1 play of the Middlesex Youth Soccer League. The boys faced a strong and determined team from Woburn who constantly were attacking the ball and playing a good mental game of soccer.

Wilmington played them tough with lots of aggressive play and strong defensive play by sweeper Danny O'Connell and left midfielder Thomas Doyle. Some mental mistake by Wilmington led to 3 unanswered goals in the first half.

In the second half, Wilmington stepped up their play with John Bavota driving down the right wing, placing a good cross which was headed across the goal by Keith Frongillo and finished into the net by Stephen Gravallese. Playing most of the second half in the Woburn end, midfielders Thomas Duffy and

Patrick O Shea played a strong passing game allowing the Wilmington frwards to pressure the Woburn goal keeper. Wilmington scored another goal on a perfectly placed corner kick by Patrick Sousa, which was headed into the net by Keith Frongillo. Despite the 6-2 loss to Woburn, the Wilmington squad continues to improve their game.

NORTHEASTERLY still by land of Carlson, as shown on said plan, 291.46 feet.

Containing 1.8 acres more or less according to said plan.

Being the same premises conveyed to Scott A. Ferguson and Christine M. Ferguson by deed of Edmund S. Ferguson et ux, dated April 16, 1981 and recorded with said Middlesex North District Registry of Deeds, Book 2474, Page 156. See also confirmatory deed recorded at Book 3841, Page 74.

The premises are subject to the reservation of an easement set forth in the deed of Edmund S. Ferguson et ux to Scott A. Ferguson et ux dated April 16, 1981 and recorded with said Middlesex North District Registry of Deeds in Book 2494, Page 156, said easement being across the right-of-way portion of the premises granted herein and shown on the aforesaid plan; said easement being the right to pass and repass over said easement by foot or by vehicle for ingress to and egress from land retained by said Grantors therein and shown as Lot 1 on said plan.

Said easement area is more particularly bounded and described according to said plan as follows:

SOUTHEASTERLY by Andover Street 15.0 feet;
SOUTHWESTERLY by Lot 1 as shown on said plan, 291.85 feet;
NORTHWESTERLY by the end of Right-of-Way, as shown on said plan, 15.0 feet; and
NORTHEASTERLY by land of Carlson, as shown on said plan, 291.46 feet.

Said premises are conveyed subject to, and with the benefit of, easements, conditions and restrictions of record insofar as the same are in force and applicable.

The premises will be sold subject to any and all restrictions, easements, and existing encumbrances of record prior to the mortgage, if any there be, insofar as the same are still in force and applicable to the premises, and to all taxes, tax liens, municipal betterments and assessments, if any, and subject to any outstanding tax titles, improvements, covenants, and shall also be sold subject to all leases and tenancies if any there may be, having priority over said mortgage, to tenancies or occupation by persons on the premises, now or at the time of said auction, which tenancies or occupation are subject to said mortgage, to rights or claims in personal property, installed by tenants, or former tenants, now located on the premises and also to all laws, by-laws, and ordinances including but not limited to, all building and zoning laws and ordinances and the requirements and conditions of any permits or licenses to which the premises may be subject.

TERMS OF THE SALE: Ten thousand and 00/100 Dollars ($10,000.00) cash, certified check, bank draft or other form acceptable to the said mortgagee, to be paid at the time and place of the sale (the mortgage holder and its designees are exempt from this requirement); high bidder to sign Memorandum of Sale upon acceptance of bid; balance of the purchase price to be paid in cash or current funds in or within thirty (30) days from the date of sale and shall be deposited with and at the office of Maureen V. Andricopoulos, 500 Clark Road, Tewksbury, Massachusetts, Attorney for the Mortgagee, or such other time as may be designated by the mortgagee, pending approval of said sale by the Land Court.

The deed shall be delivered and taken within ten (10) days of receipt by Maureen V. Andricopoulos of approval of the sale by the land Court, said approval being the only condition of the escrow.

OTHER TERMS, if any, to be announced at the sale.

Boy Scouts launch crime prevention program

By PAUL FEELY

It is a story that is heard all too often these days.

A good kid becomes a product of the neighborhood that he or she grows up in, and turns away from what would otherwise be a promising future to instead embrace a life filled with crime, deceit, and possibly deadly violence.

The statistics themselves (provided by the Children's Defense Fund and the Federal Bureau of Investigation) are almost too painful to hear:

•Every day in America, 5,404 children and youths under the age of 18 are arrested, 327 of those for violent crimes;

•25 percent of Americans arrested in 1991 were teenagers;

•Between 1985 and 1993, the homicide rate among 14- to 17-year-olds almost tripled;

•Gang-related killings increased by an estimated 371 percent between 1970 and 1992.

In keeping with their motto of "helping to instill values in young people and, in other ways, to prepare them to make ethical choices during their lifetime in achieving their full potential," the Boy Scouts of America launched a crime prevention program earlier this month, after joining forces with the National Crime Prevention Council, the National Sheriff's Association, and the International Association of Chiefs of Police.

The Scouts will blend outdoor experiences, education and instructional skills, career exploration, building values and ethics, leadership development, and old-fashioned fun to combat the causes of violence and crime in America's communities.

"We will combine already successful crime prevention initiatives within existing programs of the Boy Scouts of America, solidifying those efforts and increasing the focus on crime prevention," said Boston Police Commissioner Paul Evans. "There are specific ways to stop crime. Some we can do right away, and other will take time."

The new crime prevention program will include such Middlesex East locations as Burlington, Malden, Medford, Melrose, North Reading, Reading, Stoneham, Wakefield, Winchester, and Woburn.

"This is a national initiative that the Boy Scouts are taking on throughout the country," said Brock Bigsby, Scout Executive for the Boston Minuteman Council of the Boy Scouts of America. "We realize that crime plays such a significant part in the lives of so many young people. If we can give these kids something positive to do, we can hopefully eliminate a bad situation before it even has a chance to happen."

Studies show that most criminals are made not in adulthood but in youth - through exposure to situations that they cannot avoid or, without proper values or ethics, choose not to avoid. Crime has other causes as well, such as:

•Peer pressure;

•Racism;

•Family, financial, and personal stress;

•Lack of opportunities and positive role models;

•Abuse of drugs and alcohol;

•Easy access to weapons;

•And a lack of support networks among family, friends, and neighbors.

The Boy Scouts have proven over the years to be a very effective tool in preventing crime, through such programs as the Urban Emphasis

After weeks of excruciating pain, Aldo Catalucci told the doctor, "everything I touch hurts. I touch my knee and it hurts and it's the same when I touch my arm, shoulder and foot." After a thorough examination, the doctor said, "Mr. Catalucci, your problem is, you have a broken index finger."

Five members of the Garden Gossip Club visited my Aunt Nora who was sick at home with arthritis. After each one of them had something to say about many individuals in town (that would make Jack the Ripper sound like a choir boy), they got up to leave. Mary D. (the president) said, "We hope you feel better soon Nora, we'll pray for you." "Look!" my Aunt Nora shouted, "Just wash the sink full of cups and saucers, I can do my own praying, THANK YOU!"

George Hill said, "I don't know why we pay men more to pour cement than we pay teachers to mold minds."

A corset is an accessory after the FAT. Kathy was told by a saleswoman, "This corset is very strong. The "Stays" are made of real whale bones." Kathy asked, "are you sure they will hold me in?" "Well! They held the whale together didn't they?"

I'm convinced that fishermen never die-although some of them smell that way.

I told Stanley Black, President of "Trend-Lines" that I didn't know Theresa Mongeon could write with both hands. "Yes she can Chipper," Stan replied, "and I'd give my right arm to be Ambidextrous."

Middlesex Canal video available

Journey Along the Middlesex Canal, the video production of the Middlesex Canal Association, is now available after two and a half years in the making. The 28-minute tape contains an introduction with an historical narrative, followed by a town-by town explorations of the route of the Canal from Charlestown to Lowell. Old paintings, photographs and maps of the Canal are integrated with present day scenes and twentieth century artists' conceptions of the Canal in its prime.

The introductory portion of the tape provides an historical insight as the origin and purpose of the Canal. Canal terminology, such as locks, aqueducts, and culverts, is depicted and defined for the average viewing public, not necessarily the avid historian. The adversarial relationship between the declining Canal and the railroad is portrayed. This segment concludes with the various preservation efforts evolving around the Canal.

The "Journey" itself follows the route of the Canal from Charlestown north as it passes landmarks, past and present. Original maps from the period document the Canal's location, while the Canal remains are traced through parking lots, streets backyards and backwoods.

Most notable are Tom Dahill's water color scenes, to be included in the upcoming book on the history of the Canal, The Incredible Ditch, by Carl and Alan Seaburg. Many of the black and white photographs were developed by Tom Raphael from the glass slides of Fred Lawson. Also included in this video are the only known photographs of the Canal in operation near the end of its existence.

Bill Gerber and his canoe provide a barge's eye view during the journey into the past. Cameraman Roger Hagopian taped nearly 200 scenes maps, paintings, and pictures of the Middlesex Canal. Much of the narration can be found in the text of the Middlesex Canal Guide and Maps by Burt VerPlanck, also completed this years. All of the above-mentioned persons are on the Board of Directors of the Middlesex Canal Association.

Journey Along the Middlesex Canal will be distributed to the libraries, historical societies, etc., in the area and is for sale to the general public. The cost is $8 plus $1.75 shipping and handling mail orders to:

Special Olympics has 800 athletes competing

More than 60 soccer teams and 100 equestrian athletes are expected to compete in the Massachusetts Special Olympics Fall Tournament next month. The sixth annual event will be held on Sunday, November 3rd at Governor Dummer Academy (G.D.A.) in Byfield and Windrush Farm in Boxford.

Soccer competition will be held at G.D.A. following Opening Ceremonies at 9am. Soccer teams will face-off in 5-A-Side, Unified 5-A-Side, 11-A-Side and Unified 11-A-Side events.

Equestrian events will take place at Windrush Farm immediately following welcoming ceremonies at 12pm. Athletes will contest in Walking Trail, Dressage and Jumping competition.

Unified Sports combines athletes both with and without mental retardation or special needs, of similar age and ability, to train and compete on the same teams. This pioneer program allows athletes with disabilities to play on teams with their non-disabled peers.

To join the Fall Tournament Volunteer Team call 508-774-1501 ext. 237.

Patriots' Trail Girl Scouts Society seeks volunteers

Patriots' Trail Girl Scout council is looking for volunteers to give two hours of time per week or two hours per year, to help girls help save the Earth, help the homeless, and help build a drug-free America.

Adults are needed to lend a helping hand in several areas. Besides helping with a troop, men and women are needed to volunteer in the area of community leadership, helping the Council carry out events as trainers, specialists, coordinators, and cookie and media managers.

By volunteering for contemporary programs for girls, adults have the opportunity to serve as speakers, panelists, facilitators, and mentors, helping girls of all ages to learn about everything from money and banking to environmental problem solving to sports and teamwork.

As a multicultural organization, Patriots' Trail Girl Scout Council exists to meet the unique needs of girls and to help them grow into caring and confident young women. Girl Scout programs are contemporary and designed to deepen awareness of self-reliance, and to increase girls' abilities to succeed in the world and make a positive impact on the community.

Each year, PTGSC serves nearly 35,000 girls in 65 cities and towns in the greater Boston Area with the help of its 8,400 adult volunteers.

For more information on volunteer opportunities with Girl Scouts, please contact Marilu Martinez at 617-893-6113 or 800-292-9545.

Help sought for family skills program

Local residents are invited to an orientation regarding volunteer opportunities with the Family Skill Building Program at the Woburn Council of Social Concern.

The information session will be held on Tuesday, October 29, at 7pm at Social Concern office 19 Campbell St. in Woburn.

"We're looking for people who have the nurturing, listening, and friendship skills that can make a tremendous difference to a parent who is struggling with personal and parenting challenges, and who really needs a friend," said Jane Canty of the Family Skill Building Program.

The program matches parents and volunteers for one-on-one friendship that is designed to provide emotional support and parenting education, offer a connection to community resources, and prevent child abuse and neglect.

Parents who are involved in the program "need a friendship that will help them to rebuild their strength and hope, learn new ways to parent their children, and begin to care positively about themselves." Canty said.

Social Concern has been serving local families with parenting education and support services for over 15 years.

Parents in the program meet with volunteers at a mutually convenient time, approximately one or two hours each week. Volunteers complete a training program, and meet regularly with program staff and other volunteers.

Interested persons should contact Mary Ann Smoot or Jane Canty at 935-6495 to reserve a place at the Orientation, or for more information.

Victorian Society hosts benefit tea

The Victorian Melrose Society is sponsoring its third annual series of benefit teas in private Victorian homes in Melrose to raise funds for special programs of the Society. The first in the series will be on Sunday afternoon, October 27 from 2-4pm.

It will be a 'Dolls, Teddy Bears and Me Tea" for adults and youngsters over the age of five, all of whom are encouraged to bring a Teddy Bear or doll to "Join them" at the tea. Victorian clothing or accessories are always welcomed but certainly not required. The youngsters will be served with a special miniature tea set from the collection of the hostess.

Enjoy the ambiance of being served select teas and treats in a relaxed Victorian setting. The cost is $12 for adults and $10 for accompanying children. Seating is limited and reservations, which are required, may be made by contacting Barbara Gilchrist, 665-9672.

The next tea will be on December 15 in an East side Victorian home decorated for the season, complete with a multi-room electric model train. On February 9 there will be a "Pink Tea" featuring live entertainment to complement the light supper. An afternoon tea is also being planned for April 6 and another for May 10, the Saturday before Mother's Day.

A night of stories and songs at Chestnut St. Coffee House

The Chestnut Street Coffeehouse in Wakefield will present "A NIGHT OF STORIES AND SONGS" on Saturday, November

Janet Feld

2 at 8pm. Talent will feature singer songwriter, guitarist Janet Feld; storyteller, Laura Packer; and humorous singer Bill Knott.

Janet Feld sings original songs and ranges from rock n'roll to ballads. Audience members often say the songs seemed to be written just for them. She has performed solo nationwide and captivates her audiences with her humor, warm stage presence, strong guitar work, and great songs.

Storyteller Laura Packer performs stories for all occasions and audiences. She tells stories so old that they have been forgotten and rediscovered and others so young they are barely a whisper. She tells stories from around the world, from all times, from her own life, and the lives of others; stories that are full of humor, introspection, journeys, and adventure.

Singer Bill Knott was bitten by the folk music bug during the 1960's and has not recovered since Especially influenced by The Kingston Trio, Peter, Paul and Mary, and Gordon Lightfoot; Bill covers many classics from that era.

The Chestnut Street Coffeehouse is sponsored by the Social Committee of Temple Emmanuel. The Night of Stories and Songs will be held in the temple's social hall. It is open to adults of all ages. Refreshments are included in the ticket price. Tickets will be $6 if purchased by October 29th; checks payable to Temple Emmanuel. Tickets after 10/29 will be $8 and available at the door.

Temple Emmanuel is located at 120 Chestnut Street, Wakefield. For information call 617-246-2836.

Walk for Stone Zoo

On Saturday, October 26th at 8am the Commonwealth Zoological Society will sponsor the annual Walk for Stone Zoo. Registration and Aerobics will begin at the Stone Zoo Stage at 8am. Olympic Figure Skating Star Nancy Kerrigan will start the walk at 9am.

The Walk begins at the Stone Zoo and ends at the Square One Mall in Saugus. All donations benefit the Stone Zoo. Call 617-279-4323 for more information.

About The Towns
by Phyllis Nissen

Be a 'quitter'

Patch work

"Even with a lot of encouragement from family and friends, sometimes it's difficult to break the cycle of smoking addiction," notes the Winchester edition of the "Daily Times Chronicle."

"'Quitters in Motion,' offered by Winchester Hospital, is an ongoing support group for those who have quit or are trying to quit smoking. For many, smoking is a way to ease stress, anxiety and frustration or limit a craving for food. Quitters in Motion addresses these emotions and helps participants find ways to replace smoking with more positive behaviors.

"Quitters in Motion may be used in conjunction with the nicotine patch as a patch advantage program. The group meets weekly on Wednesday evenings from 6:30 to 7:30 at the Winchester Family Physicians' Community Room on 8 Shore Rd., Winchester.

"The program is free and all are welcome. For more information, call the Community Health Institute at 617-756-4700."

Engraving in North Reading

"Once again, the response to the engraved brick sale to benefit Ipswich River Park has been encouraging," notes the "North Reading Transcript."

"...the Land Utilization Committee (LUC) has surpassed its minimum goal of 100 bricks for its initial engraving order.

"As the 'Transcript' went to press...orders for 90 small bricks at $100 apiece and 23 large bricks at $200 apiece had been received for a total of $13,600.

"In addition to the bricks, the LUC has sold its second memorial tree at $500. Combined with a tree and bench previously sold, the total raised to date for the park is $16,400."

The LUC forwarded all brick orders received by August 28 to Pave-Lok Engraving of Hull. This initial order of bricks was expected to be ready for installation in the monument garden area of the park in early October.

"LUC member Rita Mullin stressed that they will continue to accept brick orders after August 28," notes the "North Reading Transcript."

"Smaller batches of bricks will be accepted by the engraving company after the first 100 orders are received, she said.

"Applications for engraved bricks, as well as a number of other additional items to benefit the park such as picnic tables, benches and trees, are available at several locations, including Brothers Restaurant, Bucko's, Moynihan Lumber, Flint Memorial Library and the Recreation office at Town Hall or by calling Mullin at 664-5694.

"Often, businesses have matching gift programs to benefit non-profit organizations to which their employees are contributing. Therefore, the LUC asks that its supporters consider passing a brochure along to their employers."

Meet the ladies

Ladies Lodge #1592 of Winchester will hold its 1st Annual Crafts Show at the Knights of Columbus Hall on Saturday, November 2, 1996 from 9 A.M. to 3 P.M. The hall is located at 58 Mount Vernon Street in Winchester.

The show will feature over 30 crafters from the surrounding towns and Boston. Many will demonstrate dried flowers, stained glass, wood workings, original beaded jewelry, handmade dolls, Christmas ornaments, silk arrangements, and much more.

Admission is free; we will have a bake table, snack bar, door prize, and raffle table featuring works of the artisans and various gift certificates from Winchester patrons, including Frame Haven, Video Horizons, Book Ends, Owl Theater Street Station, and Stop and Shop. All proceeds from the show will go to benefit the various charities of the Ladies Lodge #1592.

The general public is cordially invited.

Meet the women

The Wilmington Chamber of Commerce, Women in Business Division, working with the Town of Wilmington's Community Development program, is sponsoring three seminars for small businesses on Wednesday evenings, 5:30-7:30 P.M. on October 23, October 30, November 6 at the Community Resource Center, 10 Church Street, Wilmington. Seminars include: financing a business; employee hiring; insurance needs for small businesses; accounting needs for small businesses; and legal questions. Price for the seminars is $15 each or $40 for all three, with light supper included. The seminars are funded by BayBank; the Lowell Five Cent Savings Bank; and Reading Co-operative Bank. For more info and to register, call Sandy Murphy, Executive Director, Chamber office, (508)657-7211. Seating is limited.

Boy Scouts From S-1

Program (which serves youths in hard to reach areas such as housing developments and migrant farm communities) and the Youth Protection Program (which instructs both adults and youths in the awareness and prevention of child abuse), along with millions of volunteer hours, tons of food collected for food banks, and summer camp programs for youths at risk.

Although the program began only a few weeks ago, Bigsby has already heard good things about it.

"Our Scout leaders have told us that they see the program as a valuable tool," said Bigsby. "Religious leaders have also said that they are impressed with the program."

Some of the ideas the program contains for fighting crime can be done by either one person or a small group, at little or no cost to the group, which makes it a popular idea for scout leaders. Some of the suggestions contained in the program are:

•Conduct a parents' meeting to review possible crime prevention activities and discuss parent and youth involvement;

•Encourage youth and adults to qualify for the Boy Scouts Crime Prevention Award;

•Implement the Boy Scouts program, "Drugs: A Deadly Game";

•Participate in a community crime prevention project or program.

•Start a neighborhood watch program;

•Follow initiatives set by the local police department or sheriff's department;

•Run a child identification program.

Commissioner Evans has stressed the important role that parents and guardians, as adults, can play in a child's life. He stated that something as simple as a family conference could help prevent crime, and that youths will be taught personal safety techniques, crime reporting, and crime reduction strategies. They will also learn avoidance strategies such as mediation.

Anyone can help youth stay away from a life of crime by teaching children these simple guidelines:

•Settle arguments with words, not fists or weapons,and don't stand around watching others argue or fight - violence easily spreads;

•Learn safe routes and good places to find help in the neighborhood;

•Never open a door to someone you don't know and trust;

•If someone tries to abuse you or touch you inappropriately, yell no and get away, then tell a trusted adult;

•Get involved in making your neighborhood a safer place;

•Don't use or abuse drugs or alcohol.

The Boston Minuteman Council, of the Boy Scouts of America, is dedicated to youth development and youth protection. The council serves more than 16,000 youths in Boston and 32 surrounding communities.

Middlesex East Sports Athletes & Activities

BY PAUL FEELY

It may not be a big school, but it has been making a name for itself in at least two sports this fall.

The girls soccer and volleyball teams from Our Lady of Nazareth have captured their respective league titles, with both coaches setting the championships in stone by leading their teams to wins last week. It is the first Division 3 Catholic Conference title for the soccer program, while the volleyball team has won titles in the past, according to first-year Athletic Director Kathy DeVito.

Girls soccer coach Rick O'Sullivan of Medford has seen his team post a 7-1 league record thus far this season, and 8-6-1 overall. The team has been led by league Co-MVP Danielle Keefe, and other All-Stars from this year's squad include Amanda Connors, Ann Marie Scwark, Debbie O'Sullivan, and Geralyn Bowers. The All-Star game, for those interested in attending, will take place next Sunday at 1 pm at Notre Dame Academy in Hingham.

Lisa Reynolds coaches the volleyball team, which has posted a 10-6 record overall, and 7-1 in league play. This year's Co-MVP is Adrienne D'Ippolito, and the players that will be sent to the All-Star game this weekend are D'Ippolito, Shirley Garcia, Laura Tortolano, and Maria Rivera. That game will also be played this coming Sunday at Notre Dame Academy, with a 2 pm scheduled start time.

DeVito hasn't been given a postseason schedule yet for either team, and expects to know more about the playoffs after October 30.

SPORTS SHORTS

•**MIDDLESEX EAST SPORTS WEEKLY TRIVIA QUESTION:** What Yankee great recently had his record broken for youngest player to hit a home run in the postseason? Answer appears elsewhere in this column.

•The Bentley College women's soccer team is off to an 8-2 start, the best in the history of the school, and includes two players from Winchester - senior tricaptain **LINDSAY SCHLORFF** and sophomore **STEPHANIE POWERS**. Incidentally, Schlorff is the only senior on the roster this season.

•Bentley College is set to induct Tewksbury's **STEVE DEVOE** into it's Hall of Fame this Friday. Devoe was a linebacker for Bentley from 1980-83, and he helped the Falcons win a National Championship in 1982, and again in 1983. He had 127 tackles during the '82 season, and recorded 120 more the next season.

•The Tewksbury High School girls cross country team (8-0) did more than just go sightseeing on a recent trip to New York City - they placed second in their division in the Manhattan Invitational Meet, held in Van Courtland Park, in New York City's Bronx section, just a stones throw from Yankee Stadium. There were 290 teams participating overall in the meet, and 50 in the team's division. Incidentally, the Tewksbury boys team finished 17th, and the girls junior varsity team placed third. (Information provided by the Tewksbury Town Crier).

•Registration forms are still being accepted for the seventh annual Northeast Preseason Hockey Conditioning Camp for both boys and girls enrolled in grades 9-12. The camp will take place from November 25-30 at the Kasa-buski Arena in Saugus. Call Ed White at 617-246-0227 for more information.

•Nominations to the Winchester Hall of Fame are being accepted up until December 1. To be eligible, a candidate must have been a graduate of Winchester High for at least 10 years. All nominations should be sent to the Winchester Sports Foundation, Maria Montouri, 1 Winchester Place, Winchester, Ma 01890.

•Need some clues to help out with the above-mentioned trivia question? Atlanta's Andruw Jones broke the record when he hit a four-bagger last week against the St. Louis Cardinals, and he is just 19.

•Tewksbury's **JIM BOUDREAU** set a new record at Maple Grove Dragway in Reading, Pennsylvania recently. The record is now 9.26 seconds at a speed of 144.71 mph, which was set in the GT/AA category for a quarter mile.

•The annual Burlington High School Alumni Association Flag Football Tournament is coming up Saturday November 30, from 10 am until 1 pm. The cost is $10 per player, and the event will take place at Burlington High School. All proceeds will benefit the Alumni Scholarship Fund at Burlington High School. Players will be matched up as close to their year of graduation as possible, and anyone seeking more information should call Chris Brooks at 272-2649 or David Hanafin at 273-9588.

•**ANSWER TO THIS WEEK'S TRIVIA QUESTION:** Jones knocked Mickey Mantle's name out of the record books. Congratulations to those that answered the question correctly, and look for this space next week to find another sports-related trivia question.

Brooklyn Bridge than the man who 'SOLD' it."

My cousin Marie Connors is an accomplished classical pianist. She left this note for her husband Gary, "I have gone, 'Chopin' I have a long 'Liszt' so don't expect me 'Bach' in a 'Minuet.'

Johnny Ave sat down besides a perfect stranger at Mickey Reardon's and said, "I went hunting in Maine last week and shot a yours." "Gee, that's great," the stranger said, "but tell me, "what's YOURS?" Johnny smiled and said, "I'll have a double whiskey and a beer thank you."

Folks, if we look like our passport picture-we sure need the vacation.

Folks, most women are like pianos, 'upright,' 'polished,' and 'grand.'

When Fred Bangs was the City Hall custodian, he was standing on a stepladder adjusting a wall clock. Kathy asked, "what's the matter Fred, something wrong with the clock?" "No," Fred replied, "I always stand on a step-ladder to get the correct time."

A man fell off the roof of a building and was lying on the ground. A large crowd gathered around him and Officer Chris Giannino rushed over and asked him, "what happened?" The poor fellow opened one eye and said, "I don't know Officer, I just got here."

An automobile salesman told Bob Bonney, "see this panel on the dashboard? All buttons. You press this red one and a beautiful redhead gets in the car. The black button is for a brunette, the yellow one for a blonde. Now Mr. Bonney, do you want to buy the car?" "No!" Bob replied, "Just sell me the buttons?"

Johnny Ave got up from his seat on a crowded Blue Line Train and gave his seat to a woman and she fainted. When she came to she thanked Johnny and he fainted.

A newspaper sports reporter said to the football coach, "You have a great quarterback this year, how is he scholastically?" "Oh!" the coach replied, "he makes "Straight A's but his B's are a little crooked."

The reporter asked, "do you mind if I ask him a question?" "Go right ahead," the coach said. "How much is 7X7?" "Forty-nine," the quarterback replied. The coach zoomed in with, "Aw, give the kid another chance!"

Bob Butler, a Master Electrician asked me if my parents were 'Weight-lifters.' "Because," he said, "they sure raised a dumbbell."

Folks, sometimes I carry my humor a little too far. At a recent Navy Yard Reunion, I asked a beautiful young woman who was walking by my table, "are you going to the ladies room?" "Yes," she replied. "Well," I said, "mention my name and you'll get a good seat." She later apparently told her husband what I said and the next morning I had to explain to Kathy how I got a black eye.

MY OLD MODEL T

A bucket of nuts a bushel of bolts, that's what my car is today.
Automatic choke, electronic valves, that all have their part to play.
With the P.C.V. and the E.G.R. pollution control devices.
Put in my modern car today, to try to give me ulcers.

How many of you remember the day the Model "T" was the rage?
That was the car I learned to drive, at a very early age.
It came in one color, Nothing but black.
You'd hold the crank right or your arm, it would crack.

On cold winter morns, with that car of mine,
I'd drive off to work, always on time.
They were wonderful days, I hope you'll agree
Oh! I wish I still owned that ole Model "T."

Are your family photos safe?

Look at the pictures you put in magnetic albums five years ago. Are they losing their bright colors and are the pages turning yellow? If the answer is yes, remove the pictures now and start considering the alternatives for preserving them.

Are your pictures in sleeve style albums, three per page, page after page? Try taking them out of the sleeves. Have they begun to bond with the plastic? If the plastic is polyvinyl chloride (PVC) your photos are definitely at risk.

The photo album industry recognized the dangers of certain plastics several years ago and, in this country, they now specify "No PVC." But imported albums have no such restrictions and can still destroy the photos they are meant to preserve. Even albums with PVC contain damaging lignin and light glue which can be caustic. Only products labeled "acid-free" and "lignin-free" are truly archival.

A scrapbook style album is the preferred method of photo presentation because it allows you to document the who, when and where of your pictures. Only special Pigma pens should be used for journaling, and soft Stabilo pencils for notating on the back of photos. Beware of albums with rough sheets that inhibit writing, or black pages that require silver of gold ink. Neither combination is conducive to effective photo journaling. Avoid ring binders, which eventually become stiff and unusable, and spiral bound books which don;t allow the option of adding pages.

Experts recommend using expandable, flex-hinge, chemical-free albums with archival pages and covers. Creative Memories, a leader in the development of photo-sage albums, even promotes classes in photo preservation and album design for a meaningful, safe and exciting way to present and protect your film investment.

School Notes
by Phyllis Nissen

'Colorful, bright and warm'

By PHYLLIS NISSEN

...in Burlington

"With its distinct newness and omnipresent colors, the Francis Wyman Elementary School appears attractive to all involved and this was reflected in the upbeat mood there ...," notes the Burlington edition of the "Daily Times Chronicle."

"Francis Wyman Principal Paul Cabral said there were the 'usual problems' with buses being late the first day of school, but other than that, there were excited students with smiling faces and the renovated school opened with few glitches.

"'For the first hour or two, kids were a little anxious about finding their way around and were quiet,' said third grade teacher Denise Paquette, as she completed her class's tour of the school. 'But now they've seemed to settle in.'

"Children could be observed walking through and exploring the color-coded hallways - yellow blocks lead to the cafeteria, green goes to the administrative area, blue blocks head to the library.

"'Yes, it (school renovation) really did come out nicely,' said Cabral. 'We wanted it to be that way, we wanted it to be bright and that's why we've gone with the vibrant colors.'

"Cabral said the buses were 'about 10 or 15 minutes late.'

"'But that's not unusual for the first day of school,' he went on to say. 'I don't foresee that as being a problem.'

"There is a long sidewalk to the left of the main entrance that is marked for 'buses only.' This is where the buses drop off the students.

"Cabral said he wants to make sure that only buses go to this area every morning and he does 'not want cars and buses in the same place.'

"'This morning there were people directing traffic all over the place,' said Cabral (about opening day). 'We had almost the whole staff out there, just to make sure there were not problems with the cars and buses.'

"There is a one-way entrance to the school property.

"The traffic restriction adopted by the Board of Selectmen - no thru traffic at both ends of Terrace Hall Avenue between 7 and 9 a.m. - was effectively enforced by police, Cabral said.

"'They (officers) were stopping cars at both ends of Terrace Hall Avenue, asking them where they were going and suggesting alternate routes,' Cabral stated.

"The principal added that Safety Officer Russell Petersen acted as a 'center fielder' in overseeing the entire traffic situation.

"Paquette said that as she led her third grade class around the building, she noticed how excited the students were.

"'We were talking about how lucky they are to have a new building, and how they should keep it clean for their younger brothers and sisters,' said Paquette.

"She stated how this first day differed from other first days of school, in that this time, teachers 'wanted to come back.'

"'The building is colorful, bright and warm,' said first grade teacher Jean Perry. 'It is a wonderful facility. It is very appropriately designed for this age group of child.'

"'I noticed the morale of the staff is really up,' said Paquette. 'This is a wonderful facility, a beautiful building. We all wanted to come back.'

"First grade teacher Michelle Ferriera said that things 'went very well' for her class on its first day.

"'There are no stress cases, nobody's crying,' said Ferriera. 'Everyone feels comfortable as to where they're supposed to be.'

"Perry said the tour of the school with her students was 'really fun, and they were talking and chatting' about how they enjoyed the school."

If you'd like to read about your favorite school, student or teacher in "School Notes," please send school newsletters and other relevant information to Phyllis Nissen, "School Notes," Middlesex East Supplement, Box 240, Reading, MA 01867. We welcome student writing.

You Comparison Shop for Most Things. Why Not Comparison Shop for a Job?

RNs & CNAs

Take something as simple as coffee. Chances are, you compare prices and brands and flavors and aromas before you make a purchase.

With something as important as a job, the same rule applies. At **Salter Healthcare Services** we believe that great nursing and caregiving deserve recognition. That's why we offer benefits at 32 hours:

- **health care, dental, life insurance**
- **quarterly bonus package**
- **6 sick days with buy-back**
- **in-house CEU programs**
- **free parking**
- **401(k) plan**
- **2 week paid vacation**
- **paid lunch breaks**
- **free meals**
- **and more!**

Shop around and you'll find that **Salter Healthcare Services** offer the best value for skilled nursing professionals looking for a quality opportunity and compensation for longevity in long term care.

We also have Per Diem positions available.

To help you compare notes, please accept our invitation to have a cup of coffee with us.
